PUBLIC PARTICIPATION – AGENDA ITEMS ONLY

- Ms. Erin Beckes-Reese requested to know what public school statute allows the school district to pay bills prior to school board approval.
- Ms. Caroline Fynan suggested that if a board member plans to vote against a recommended motion, they should state the reason(s) for their opposition prior to the vote.

REPORTS & PRESENTATIONS

- Reconfiguration Plan – District Superintendent Dr. Michele Hartzell and Assistant to the Superintendent, Mr. Brian Emick, presented a proposal by administration to combine the Davis Primary (grades K-2) and the North East Intermediate Elementary (grades 3-5) into one school entitled North East Elementary School with one principal and one assistant principal. Currently both schools utilize many shared staff resources and classroom spaces, already operating under the same roof as one building in many respects. This plan would allow for enhanced material and resource sharing as well as vertical collaboration, team planning and creation of a richer and more cohesive learning environment, benefitting both students and staff.

A brief question and answer period for board members followed this presentation. The draft plan will be posted on the district website along with a link for public comments and questions.

THURSDAY, MARCH 21, 2024

- Tentative Budget Presentation – Business Manager Mr. Jeffrey Fox distributed budget books to board members with an explanation of common financial terms. He presented an overview of the proposed preliminary general fund budget for 2024-2025, highlighting the one-page summary document at the end for information at a glance. Major variances in revenues and expenditures were reviewed as compared with the current school year’s budget. Although final federal and state budgets are not yet available for district budgeting purposes, items were highlighted in the governor’s currently proposed budget which would affect the school district. The presentation was concluded with a summary of historical tax increases and the dollar effect of potential local tax percentages per assessed real estate value. The board and administration will continue to discuss the proposed budget and possible expenditure cuts as they strive to balance the 2024-25 budget as conservatively as possible while meeting the needs of students.

PUBLIC PARTICIPATION

- Ms. Erin Beckes-Reese asked if she had understood correctly that the district plans to begin advertising tomorrow for an assistant elementary principal, while the board has not yet approved the reconfiguration plan. Dr. Hartzell responded that the advertisement will be for an anticipated position at this time.
- Mr. Jeff Buchholz thanked Mr. Fox for the detailed budget information and stated that it is nice to see questions from board members. He asked if the vacated ISS position at the high school had been filled yet; Dr. Hartzell responded that it is currently filled by a substitute three days per week. Mr. Buchholz further asked why Career Hall of Fame inductees have yet to be added to the kiosk in the high school. Dr. Hartzell responded that this must be approved by the board.
- Regarding the earlier public comment question concerning payment of invoices, Attorney Sennett referred to Board Policy 616 and surrounding policies in the finance section.
- Ms. Caroline Fynan stood to dispel rumors that she had allegedly heard in the community regarding the district's perceived liability for expenses attached to the approved stadium project if the project were to be cancelled. She said that there is a cancellation clause in the contract granting the board this option, and once again urged the board not to proceed with the planned installation of artificial turf at the stadium.

Mr. Mobilia announced that the North East Board of School Directors would meet in an Executive Session following this evening's meeting concerning areas permissible under Act 84 which include confidentiality issues protected by law and specifically student, personnel and safety matters.

The Purchase Price is exclusive of all taxes-federal, state or local and all freight/shipping charges unless otherwise noted, payment of which shall be the exclusive obligation of Buyer. If equipment orders or deliveries are put on hold, the Seller reserves the right to collect the outstanding balance amount of the contract prior to delivery, set in place. If Buyer shall make default in any payment when due, in addition to all remedies hereunder, Seller may at its option declare the entire balance of the Purchase Price to be immediately due and payable. Should any past due and unpaid balance be placed for collection by Seller with any attorney or collection agent, the Purchase Price shall include an additional 15% of said balance for collection fees.

Furthermore, Seller may suspend the delivery of Goods to Buyer where any amounts are overdue under any contract until all such amounts have been paid. Interest is payable on overdue accounts at the rate of 1.5%, compounded monthly, until paid in full (the "Default Rate").

13. Confession of Judgment. In the event that payment is not made in accordance with the terms herein, Buyer authorizes any Prothonotary, or any attorney of any court of record in the Commonwealth of Pennsylvania or elsewhere, as of any term, with or without complaint filed, to confess judgment or judgments against it and in favor of the holder hereof for the total Purchase Price or, if delivery is not taken by Buyer, at Seller's option for all damages and expenses incurred by Seller, together with interest, the costs of suit and with fifteen (15%) percent attorney's commission for collection, with or without declaration, release of errors and without stay of execution; and for value received does waive the right and benefit of any present or future law of this or any other state exempting property, real or personal, from levy and sale on execution; and, if levy be made on real estate, does also waive the right of inquisition and consents to the condemnation thereof with full liberty to sell the same on Writ of Execution, with release of errors thereon. Interest on any such judgment shall accrue at the Default Rate. No single exercise of the foregoing power to confess judgment, or a series of judgments, shall be deemed to exhaust the power, whether or not any such exercise shall be held by any court to be invalid, voidable, or void, but the power shall continue undiminished and it may be exercised from time to time as often as the Seller shall elect until such time as the Seller shall have received payment in full of the total amount due, interest and costs. Buyer understands and agrees that any exercise of the foregoing power by the Seller is for the benefit of the Seller without regard for the interests of the Buyer. The Seller, any Prothonotary and any attorney exercising the foregoing power to confess judgment shall have none of the duties specified in 20 Pa.C.S. §5601.3(b).

Buyer hereby represents that the Goods and services provided by Seller are for the purpose of carrying on a business, professional or commercial activity, and not for personal, family or household purposes.

14. Installation; Technical Advice. Unless as otherwise agreed to in writing by Seller, Buyer assumes responsibility for the installation and maintenance of all purchased Goods. Seller may provide installation and on-site technical support and maintenance services available at Seller's then prevailing rates.

15. Delivery. Buyer represents that it is the owner or lessee of the premises wherein the Goods are to be delivered and set in place and/or services are to be provided. The promised delivery date provided in this Agreement, if any, is the best estimate possible of when the Goods will be shipped. Time for delivery is NOT of the essence and shall not be made so by the service of any notice. Seller shall not be liable for any loss, damage, incidental or consequential damage due to delays. Carrying charges may be imposed on Buyer for shipment, which are delayed at the request of Buyer. If Buyer refuses or fails to take delivery of the Goods tendered in accordance with the Terms hereof, Seller may terminate this contract, may dispose of the Goods as it sees fit and may recover from Buyer any loss and additional costs incurred as a result of such refusal or failure (including, without limitation, reasonable storage fees). Unless as otherwise agreed to by Seller in writing, the Goods may be delivered in installments to Buyer at any time during at any time at the locations set forth above Monday-Friday between 8:00 AM-3:30 PM (except national holidays) following Seller's receipt of the Goods and each such installment shall be treated as a separate contract. Unless as otherwise agreed to by the parties, Seller shall deliver the Goods in full truckloads, and any partial truckloads may incur additional cost and expense to Buyer. Buyer shall pay for the actual Goods delivered.

16. Course of Performance. The fact that Seller may accept or acquiesce in a course of performance shall not affect the terms herein, though Seller knows of the nature of the performance and has an opportunity to object to it. In no event shall any such action constitute or be deemed a waiver of any right, claim or defense against Buyer.

17. Security Interest. To secure payment for all sums due hereunder or otherwise, Seller hereby reserves a security interest in and to all Goods delivered hereunder and these Terms shall be deemed a security agreement under Uniform Commercial Code ("UCC") or other applicable law. Buyer hereby authorizes Seller as its attorney-in-fact to execute and file on Buyer's behalf all documents Seller deems necessary to perfect such security interest.

18. Representation of Solvency. Buyer hereby represents that it is solvent, and that on each delivery this representation shall be deemed renewed unless notice to the contrary is given in writing by Buyer to Seller at or before delivery of the Goods or performance of any of the services.

19. Right to Identify Goods. If Buyer wrongfully rejects or revokes acceptance or fails to make a payment due on or before delivery or repudiates this Agreement in whole or in part then, notwithstanding any other remedy available to Seller, Seller may identify to the contract any conforming finished Goods in Seller's possession or control at the time Seller learns of the breach, or if the Goods at such time are unfinished Seller may either complete the manufacture and wholly identify the Goods to the contract or cease manufacture and resell for scrap or salvage value or proceed in any other reasonable manner, including proceeding against Buyer for any delinquency that may result from such identification or resale for scrap or salvage value.

20. Right to Stop Goods in Transit. If Buyer becomes insolvent, repudiates, or fails to make payment when due, before delivery to Buyer, Seller shall have the right to stop delivery of the Goods.

21. Right of Resale. In the event of any breach, termination, cancellation or repudiation of or under this Agreement by Buyer or any failure of Buyer to comply with the provisions hereof, Seller may resell any Seller-owned Goods covered hereby which have not already been delivered to and paid in full by Buyer, together with any Seller-owned Goods reclaimed by Seller or as to which Seller may agree to accept return, at one or more public or private sales, at wholesale or otherwise, and recover from Buyer the amount by which the Purchase Price established in this Agreement exceeds the amounts so received, together with all incidental damages occasioned by the default of Buyer.

22. Reorders. Reorders, at Seller's option, may require a new written agreement. Any reorders accepted by Seller but not placed pursuant to a new written contract shall be governed by the terms and conditions stated herein.

23. Termination. Seller may cancel this Agreement if any of the following occurs: (a) Buyer becomes insolvent; (b) Buyer ceases to conduct operation in the normal course of business; (c) Buyer is unable to meet its obligations as they mature, or admit in writing such inability; (d) Buyer files a voluntary petition in bankruptcy; (e) Buyer suffers the filing of an involuntary petition in bankruptcy and the same is not dismissed within thirty (30) days after filing; (f) A receiver, custodian or trustee is appointed for Buyer or for a substantial part of your property; (g) Buyer fails to make payment on the terms and within the time specified in this contract; or (h) Buyer executes an assignment for the benefit of its creditors. In the event of such cancellation, Seller shall have all rights and remedies set forth herein and as set forth in the UCC of any applicable jurisdiction and all other remedies available at law or in equity.

24. Cancellation. Orders canceled or terminated by Buyer for reasons not the fault of Seller are subject to cancellation charges in addition to costs incurred by Seller.

25. Payments In Advance. If, in Seller's judgment, the financial condition of the Buyer at any time does not justify continuance of production, or shipment on the terms of payment originally specified, Seller may require full or partial payment in advance or other adequate assurance of payment satisfactory to Seller.

26. Licenses and Consents. If a license or consent of any third party (including without limitation, any governmental or other authority) is required in connection with Buyer's purchase or use of the Goods, Buyer shall obtain the license or consent at its own expense and produce evidence of it to Seller on demand. Failure to obtain any license or consent does not entitle Buyer to withhold or delay payment hereunder. Any additional expenses or charges incurred by Seller resulting from such failure shall be paid by Buyer.

27. Remedies. All the moneys paid by the Buyer to the Seller at the time of the signing of this agreement or prior to the delivery of the articles purchased may, in the event of default on the part of the Buyer, be retained by the Seller on account of the Purchase Price or as liquidated damages for breach of contract as the Seller shall elect. The rights and remedies reserved to Seller herein shall be cumulative and additional to all other remedies provided by law and equity. Seller shall be entitled to recover costs and attorney fees in the enforcement or defense of any rights hereunder. All of the provisions of this Agreement relating to the rights and remedies of the Seller shall extend to and apply equally to all Goods and/or services purchased or ordered by the Buyer as extras to the items covered by this Agreement.

28. Survival. Any indemnification or confidentiality obligation set forth herein shall survive the termination or expiration of these Terms and any contemplated or actual business relationship between the parties.

29. No Waiver. Failure by Seller to enforce any term or condition herein shall not be construed as a waiver of that or any other term or condition. No waiver shall be binding against Seller unless in writing and signed by an officer of Seller, and any such waiver shall be limited to the particular instance referenced.

30. Assignment. These Terms are binding upon and inure to the benefit of the parties and the successors and assigns of the entire business and goodwill of Buyer but shall not be otherwise assignable, without the prior consent of Seller.

31. Entire Agreement. This Agreement, including all exhibits and attachments referenced herein and attached hereto, contains the entire agreement of the parties relating to the subject matter hereof and may not be waived, changed, modified, extended or discharged orally but only by agreement in writing and signed by, the party against whom enforcement of any such waiver, change, modification, extension or discharge is sought or by a written change order signed by the parties hereto. There is no agreement, oral or written, which is not set down herein and no salesman or other agent of the Seller has authority to vary, either orally or in writing, the terms hereof.

32. Governing Law. This Agreement shall be construed, interpreted and the rights of the parties determined in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its principles of conflicts of law. The parties hereby consent to the exclusive personal jurisdiction and venue of the United States District Court for the Western District of Pennsylvania, Erie Division unless subject matter jurisdiction is not satisfied, in which case each party hereby submits to the exclusive personal jurisdiction and venue of the Court of Common Pleas of Erie County, Pennsylvania. Buyer and Seller expressly exclude the application of the United Nations Convention on Contracts for the International Sales of Goods, as amended.

33. Severability. In the event that any provision of these Terms is held invalid under any applicable statute or rule of law, then to the maximum extent permitted by law, such provision shall be deemed severable from these terms and conditions, and the remainder of the terms and conditions shall be construed, to the extent possible, in accordance with the original intent of the parties.

34. Non-Exclusive. Nothing contained herein shall be construed to establish an exclusive relationship between Seller and Buyer.

35. Headings. The headings used herein are for reference purposes only and shall not affect the meaning or interpretation of these Terms

36. Signed in Duplicate; Counterparts. This Agreement is to be executed in duplicate, each being declared an original, Buyer to receive one of the same; but none of said originals shall become effective or binding on Seller until approved by the Seller's authorized representative. This Agreement may be executed in several counterparts, each of which shall be deemed to be an original and all of which shall together constitute one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile or PDF transmission shall constitute effective execution and delivery of this Agreement as to the Buyer and Seller and may be used in lieu of the original Agreement for all purposes. Signatures of the Buyer and Seller transmitted by facsimile or PDF shall be deemed to be their original signatures for all purposes.

STIPULATION FOR PARTIAL SETTLEMENT OF ASSESSMENT APPEAL

North East Campus LLC, Erie County Board of Assessment Appeals, North East School District, North East Borough and North East Township, through their respective counsel, enter into this Stipulation for Partial Settlement of Assessment Appeal, stating as follows:

1. This case involves the tax assessment appeals of 7 parcels of property owned by North East Campus LLC identified by the following tax ID numbers:

- (a) 35-001.004.0-013.00;
- (b) 35-002.005.0-001.00;
- (c) 35-002.016.0-012.00;
- (d) 37-003.053.0-012.00;
- (e) 37-005.052.0-001.00;¹
- (f) 37-005-052.0-001.01; and
- (g) 37-005.053.0-011.00.

Together, these parcels are referred to as the “Property.”

¹ After the appeal was filed, this parcel was subdivided, and an additional parcel was created, identified as no. 37-005-052.0-001.02.

2. In 2022, North East Campus LLC filed a tax appeal regarding the Property’s assessed value to the Erie County Board of Assessment Appeals (the “Board”). At that time, the Property’s combined assessed value was set at \$6,399,000.

3. Following the Board’s decisions, North East Campus LLC initiated seven appeals of the Board’s decisions to this Court.

4. On March 20, 2023, this Court entered an Order consolidating the seven separate cases at the above-docket number.

5. The parties have reached a partial settlement on the Property’s assessed value for tax year 2023.

6. As a result of the parties’ settlement, the Property shall be assessed for the indicated tax years as follows:

Tax Year	Fair Market Value	Assessed Value (CLR = 71.1%)
2023	\$6,200,000	\$4,408,200

7. The total assessed value on the Property, as set forth above, shall not take effect until after either the final hearing on the remaining tax years at issue or following settlement of same.

8. The total assessed value on the Property shall be implemented by the Erie County Assessment Office, in good faith, giving full effect to all of the provisions of this Stipulation, and in accordance with generally accepted appraisal and assessment standards, techniques, and methods.

9. To the extent North East Campus LLC overpaid taxes based on the new assessed values, the taxing districts shall issue refunds to North East Campus LLC as a result of these overpayments.

10. Nothing in this stipulation shall have any bearing on the determination of the Property's assessed value for any other tax year, including tax year 2024. The parties further agree that the Property's original assessed value of \$6,399,000 shall serve as the Property's prima facie value during trial upon admission of the Property's tax records into evidence.

11. The parties agree that this Stipulation for Partial Settlement of Assessment Appeal may be executed in one or more counterparts for the convenience of the parties, and each of such counterparts will be deemed to be an original, such copies taken together constituting one and the same Stipulation for Partial Settlement of Assessment Appeal.

12. The Assessment Office and the taxing districts shall also be bound by the terms of this Stipulation for Partial Settlement of Assessment Appeal and the Order contemplated hereby.

WHEREFORE, the parties, through counsel, respectfully request that this Honorable Court enter an Order consistent with the provisions of this Stipulation for Partial Settlement of Assessment Appeal as set forth above.

Respectfully Submitted,

Dear Student / Parent:

This Program of Studies is supplied to assist you in creating an appropriate course schedule for next school year. Students and parents need to give consideration to choosing courses so that you satisfy graduation requirements, career objectives, and proper academic progressions. In addition, please be sure that you have the necessary prerequisites to be in the courses you have chosen.

Much consideration and effort is made by your high school principal and counselors to ensure that you have chosen and receive the best possible course schedule; therefore, student schedule changes are less likely to occur as the beginning of the school year approaches. Teachers and students are assigned to classes based on course selections made by the student in the previous spring. This is to ensure that class sizes are as balanced as possible. Schedule changes that occur after the school year has started only detract from the balance created in the school's master schedule. Your cooperation in maintaining a healthy academic program is expected. Parents and students should be aware that credit for a course taken and passed can only be awarded once for any given student, unless approved by the principal. Students should select 8 credits of required and elective courses. Most students will not receive all of the courses requested and need to select at least 2 credits of alternate courses. Also, please consult with teachers when selecting instructional levels (regular, honors, AP, CHS).

We encourage you to study this booklet carefully and to complete the scheduling form in a timely manner. If you have any questions about your choices please contact your school counselor. It is our wish that you obtain the best education possible during your high school years. Making good choices now plays a big part in your future.

Sincerely,

Dr. William Renne (Principal)

Career Education & Work Standards and the NEHS Graduation Portfolio

Each school year students in grade 9 - 12 are required to complete a variety of career and higher education based activities (artifacts). Each activity is designed to assist students in developing an understanding of their interests, personality style, and aptitudes as they relate to careers. The many opportunities that exist beyond high school, and how to research careers and higher education options are also discussed.

The accumulation of artifacts is a Pennsylvania state requirement; the result of which is a culminating project, the NEHS Graduation Portfolio.

Many of the required artifacts are lessons found in Xello. Xello is a college and career readiness software program available to all NESD students in grades 6 - 12. In addition to Xello lessons, students will complete projects as designed by their School Counselor. Additionally, all 9th grade students will visit the Erie County Technical School, and all juniors will take the ASVAB (for career planning purposes).

Currently, the NEHS Graduation Portfolio consists of:

1. **Essay** -- 250 words detailing post graduation plans (requirements discussed in class).
2. **Resume** -- A finalized, current resume is required (requirements presented in 11th grade).
3. **Rep Visit evidence** -- Throughout the year various representatives from 2 & 4 year colleges, trade & technical schools, the military, and employers visit NEHS and ECTS. Students are required to participate in three of these events between their junior year and January of their senior year. Evidence of off campus visits are accepted, but off campus visits are not required. See your School Counselor for more information.

4. **NEHS Portfolio SlideShow (non ECTS)** -- Follow the slide instructions for content requirements. Use Google Slides. **EVERYONE** will be given class time to work on their slideshow.

5. **ECTS SlideShow** -- There is no breakdown of required slides, but you do need to create a slideshow. Get creative, take pictures of your lab, have a classmate take pictures of you in action, take pictures of a project (a hairstyle you created, a car you painted, a computer you rebuilt, etc.). Be prepared to discuss the following and incorporate some tech highlights utilizing pictures and information from ECTS.

- Why did you choose to attend ECTS?
- Which lab did you choose and why?
- What is your most memorable experience in your ECTS lab?
- Discuss the pros and cons of your ECTS lab/experience?
- What do you feel your strengths are in your lab area?
- Do your future plans relate to your lab? If not, why?
- Discuss your NOCTI experience.

Promotion Requirements Grades 9 – 12

Promotion from one grade to the next depends upon credits earned. All full year courses are worth one credit; all semester courses are worth one-half credit. Students are expected to make yearly progress in their major academic subjects to ensure graduating in a timely fashion. Typically, students should follow these guidelines:

- From grade 9 to 10: A student must pass at least three of the four major subjects and earn at least 4.5 credits.
- From grade 10 to 11: A student must earn at least 11 credits.
- From grade 11 to 12: A student must earn at least 19 credits.

Students who fail to make yearly progress (as noted above) jeopardize the opportunity to graduate within four years.

Grading System

North East High School uses a letter grading system based upon the following percentages:

A = 90 – 100%	I = Incomplete
B = 80 – 89%	WP = Withdrawal while Passing
C = 70 – 79%	WF = Withdrawal while Failing
D = 60 – 69%	P = Passing
F = Below 59%	MX = Medical Excuse

The final grade in all full year courses is the average of all four academic quarters (at a value of 22.5% each quarter), and the final exam (which carries a weight of 10%) to equal 100% of the grade.

If a student withdraws from a course for any reason prior to its completion, a grade of WP or WF will be given based upon actual academic progress in the course at the time of withdrawal. This grade will be reflected on the transcript.

Quality Point Average and Rank*

Quality Point Average (QPA) is computed on a weighted scale, using letter grades earned in all courses in the high school. Quality Point Average determines a student’s rank in class, is cumulative from year to year and appears on a student’s transcript. Courses are assigned levels for QPA purposes as follows:

- Level 1: Regular and Basic Courses
- Level 2: Honors Courses, Second and Third Year ECTS Courses, Dual Enrollment Courses, & online Advanced Placement courses
- Level 3: In person NEHS Advanced Placement & CHS Courses
- The following point scale is used to compute QPA:

*This section is under development. The high school is considering moving away from valedictorian and salutatorian, and moving to the latin honors system (e.g. suma cum laude, magna cum laude, and 3.8-4.0 cum laude). This would be phased in over time.

Grade	Reg(Lev1)	Hon(Lev 2)	AP/CHS(Lev 3)

Scheduling Corrections

Schedule corrections will only be considered for the following reasons:

- An obvious error was made - Example: the student is scheduled for English 10 but is in 9th grade, or a student is scheduled for band but they don't play an instrument.
- Summer school - A course was made up through a credit recovery program and is not needed in the schedule.
- Course sequence – Student is missing a course prerequisite.
- Balance the load - All required classes ended up on the same day and the student wishes to have a more balanced distribution of coursework.
- Upgrading schedule - The student decided to take a more challenging course.

Schedule changes will NOT be considered for the following reasons:

- Arbitrary changes to student chosen electives - If a student requested an elective on their scheduling form no change will be made.
- Specific teachers - changes will not be made in order to select a different teacher.
- Non-academic reasons.

Any student enrolled in an honors, AP, or CHS course, who feels they wish to drop down a level must first meet with their teacher to communicate their concern. A formal drop request can only be made after efforts have been made to improve the situation. Such drops are not taken lightly. It is likely that a dialogue between the student, parents/guardians, the teacher, school counselor and school administration will take place prior to a decision being made. Ideally, such changes will be made prior to mid quarter of quarter one, and by the end of the first quarter at the latest.

Course Failure

Students must pass all courses required for graduation to earn credit. If a student fails a course, the course may be repeated during the next school year or it may be remediated in an approved remediation program, either at North East School District or at another accredited school district. Course remediation requirements are as follows:

1.0 credit = 120 hours of instruction *Remediation must equal 60 hours of instruction*
0.5 credit = 60 hours of instruction *Remediation must equal 30 hours of instruction*

Information regarding district approved remediation options (summer school) is mailed home at the end of each school year. Students may also be tutored privately to remediate failed coursework. Private tutors must be certified teachers approved by the principal. All financial arrangements for private tutoring take place directly between the student's family and the tutor. A formal signed statement indicating the subject, dates, and total hours of the actual remediation, outline of topics covered, and grade given, will be submitted to the principal at the conclusion of the coursework. The course, grade, and assigned credit will then be added to the student's transcript.

Are you planning to go to college?

There is a big difference between getting accepted to college and being successful in college. With college costs being what they are it's very important to take every possible step to prepare yourself for the rigors of college academics. So, what does it mean to be college ready? Anyone pursuing a four year bachelor's degree will take a general education course series, these "gen eds" are usually your traditional math, English, science, and social studies courses, as well as whatever your chosen college/university deems appropriate; you could also take, fine arts, religion or philosophy courses, or be required to earn a predetermined number of credits that are considered writing intensive, etc. Being college ready means that you have challenged yourself in both academically rigorous courses and have explored a wide variety of academic electives.

Honors courses at North East High School are challenging and college preparatory in nature—requiring students to think critically, write, and extend their knowledge beyond the minimum requirements. Any student considering attending college is *strongly encouraged* to take the available honors courses in each of the core subject areas. As an incoming freshman, if you were not recommended for an honors course, that's OK! The challenge for you is to work hard during your 9th grade year and strive to take honors courses during your sophomore year.

Mobility between regular and honors classes is possible; however, it is easier to move from honors to regular classes than from regulars to honors classes. Students should make a commitment to honors and give it their best effort. There is nothing wrong with earning a B or a C in an honors class!

Colleges want to see rigor and progression. If you are capable of earning an A in a regular class, take an honors class the following year. If you pass level one of a sequence, move on to the second level. Ask yourself, am I being challenged? Am I giving my brain a workout? If so, you're on the right track!

Special Programs

1. Advanced Placement Courses

North East High School students have the opportunity to complete college-level courses at the secondary level and may obtain college credit and/or advanced placement through the Advanced Placement Program (College Board). Students enrolled in Advanced Placement courses may elect to take an Advanced Placement Exam for the subject(s) in which they are enrolled. There is a fee for each exam. Exams consist of multiple choice and free response sections. Every examination receives an overall grade on a 5-point scale:

5-Extremely well qualified

4-Well qualified

3-Qualified

2-Possibly qualified

1-No recommendation

Students send the grades received on the exams to colleges and universities nation-wide. Each college decides which AP Exam score it will accept for credit and/or advanced placement. Many institutions accept scores of "3" and above, which is the recommendation of the American Council on Education (ACE).

North East High School offers in person Advanced Placement courses in the following:

English Language (English 11 AP)

English Literature (English 12 AP)

European History

Chemistry II

Physics II

2. College in the High School Courses (CHS)

High School students have the opportunity through CHS to earn both high school and University of Pittsburgh: Bradford credit in courses taught right in their classrooms, within a supportive high school environment, at a fraction of the cost of normal tuition. CHS student grades are generated from assessment throughout the course rather than a one-time assessment. Students earn top-quality and low-cost University of Pittsburgh: Bradford credits, which are highly transferable to colleges and universities across the country. CHS courses are accessible to students of varying ability and financial means and prepare students to go on to college while building the skills they will need to succeed once they are there.

CHS-certified high school teachers work closely with Pitt: Bradford's faculty to ensure course alignment. Students use college-level textbooks, take college-level exams, and upon successful completion of the class, earn college credit that is recorded on an official University of Pittsburgh: Bradford transcript.

North East High School offers College in the High School Courses (CHS) in the following:

College American Political Process

College Calculus 1

4. Dual Enrollment and College Course information and prerequisites

In order for students to request enrollment in any of the dual enrollment programs supported by North East High School, students must meet the guidelines below for consideration for entry in the program.

1. Students must have a history of taking Honors level courses and earning an 80% or higher for their final grade.
2. Students must have met proficiency on all three Keystone exams (Algebra 1, Literature, and Biology) prior to the semester in which they are seeking enrollment in Dual Enrollment courses.
3. Students must have taken the PSAT in either 10th or 11th grade or have taken their SAT's and/or ACT's.
4. Students must have less than 5 (five) unexcused absences or 10 (ten) total unexcused/excused absences and less than 5 (five) tardies in the prior semester of school.

Guidelines and credits for dual enrollment courses at North East High School are as followed:

1. All Dual Enrollment and college courses will be weighted as Honors (Level II) on a student's transcripts.
2. Dual Enrollment courses will not replace core course requirements (Math, English, Science, Social Studies). Any college course taken will be reflected as an elective on NEHS transcripts.
3. Students will receive 1-credit for each college course taken. Students may not exceed 32 total credits towards graduation requirements. Should a student exceed 32 credits, NEHS courses will take precedence over Dual Enrollment courses being reflected in credit count, GPA, and class rank.
4. **Courses taken on a college campus:** Students will only be approved for college courses offered on a college campus during our 1st or 4th blocks (or after school). Students will be replacing their 1st or 4th block courses on both A and B days at NEHS with the college courses and will not be scheduled for any courses here at NEHS. Students will have the option to either work remotely from home, on a college campus, or public library on their off-days from their college course OR choose to attend NEHS and report to our library.
5. **Courses taken through an accredited online college:** Students will replace 2 (two) elective periods per semester per college course. Depending on the periods in which students will be replacing electives, students will have the option to leave during 4th block and work remotely on their online college courses or report to NEHS library.

5. Social and Emotional Learning (SEL)

The North East School District believes that basic human needs must be met before students can reach their highest academic potential (Maslow/Pearlman). We believe that students will be more motivated to achieve academically if they are healthy, feel safe, and are valued. Through SEL we will prioritize personal connections, demonstrate relentless care for our students, staff, and families.

We will utilize the Collaborative for Social-Emotional Learning (CASEL) five core competencies to promote a movement here in the North East SD to assist students, support staff, and families by addressing social, emotional, academic, and behavioral needs. These five competencies include:

1. Self-Awareness - understand one's own emotions, thoughts and values
2. Self-Management - manage one's emotions, thoughts, and behaviors
3. Social Awareness - understand the perspectives of others
4. Relationship Skills - establish and maintain health and supportive relationships
5. Responsible Decision-making - ability to make caring and constructive choices

Please visit the district website for more information about our SEL program.

6. Academic Awards Program

Each department in the school awards academic certificates to one outstanding student and three commendable students in all subjects taught. These awards are distributed during a formal awards ceremony at the end of the academic year. The recipients are determined utilizing the following criteria:

1. Academic performance in the subject area during the current school year.
2. In case of a tie, subtest scores on the most recent standardized test are used.

Senior awards for outstanding achievement are given to one senior in every department who has the highest cumulative grade average in that department's course offerings over the four years of high school. In addition to a certificate, the senior's name is engraved on a brass plate and attached to the department's walnut plaque, which is displayed in the gym/auditorium lobby.

7. Academic Letters

Students who excel in their honors and academic coursework, academic extracurricular activities and standardized test scores may receive an academic letter. To receive an academic letter, students must earn a predetermined number of points based on grades, standardized test scores, rank, and individual academic awards. Students may apply for the letter during the second semester each year beginning in 10th grade. Letters are awarded during the spring of each year.

8. National Honor Society

In the second semester, all sophomores and juniors who have a cumulative 3.5 grade point average will be invited to apply for membership in the North East High School chapter of the National Honor Society. A faculty committee then reviews each application for performance in four areas: academics, leadership, character, and service.

A late spring induction ceremony takes place at the school. Students who have been inducted into the NHS remain members unless their GPA drops, they fail to meet the community service requirements or they have been involved in any serious disciplinary action.

9. Honor Roll

Honor roll recognition at North East High School is determined by all grades received for all courses each quarter. All students have an equal opportunity for local recognition, regardless of their course levels. Honor Roll is offered at two levels: High Honors and Honors. The student must meet one of the following requirements to qualify:

High Honors: All "A's" Honors: All "A's" and "B's"

10. College Athletics-NCAA

Playing a sport for a Division I or Division II college/university team takes more than just skill on the court or field – high school academics play a major role in your ability to be recruited by a D1 or D2 athletic team. One aspect of athletic eligibility is a student's core grade point average, determined by NCAA approved core courses, and a student's SAT/ACT scores. High School students interested in playing on the D1 or D2 level should make their intentions known to both their coach and their school counselor. Registration with the NCAA Eligibility Center (www.eligibilitycenter.org) in your junior or senior year of high school is also necessary. Prospective college athletes are encouraged to visit the Eligibility Center website for additional information. The Eligibility Center website has a list of North East High School's NCAA approved core courses—core courses are also identified in this catalog (NCAA). **Please note:** It is the students responsibility to track their own approved NCAA courses. Students attending the Erie County Technical School must pay close attention to their NCAA core course credit requirements, as your overall earned NEHS credits are reduced. Students who fail a course(s) must make a careful plan for remediation. NEHS school counselors will assist with tracking NCAA courses if requested.

Glossary

Advanced Placement Courses (AP):

These courses, always designated by the letters AP, refer to college-level courses taught according to the syllabi prescribed by the College Board Advanced Placement program. AP courses are rigorous in nature. Successful performance on the AP exam may lead to college credit and/or advanced placement on the college level. For more information visit www.collegeboard.org. NEHS in person AP courses are level 3 in the computation of QPA and class rank.

Basic Courses:

Basic courses are required courses in major subject areas for students who are designated as learning support (IEP).

College in High School (CHS): University of Pittsburgh: Bradford

Students can earn college credits while in high school. NEHS teachers work throughout the year with Pitt-Bradford faculty member liaisons, whether it is course-specific or about student achievement in general. The high school teachers give grades for the courses, which are based on assignments, quizzes and tests determined by both faculty members, and also by a final exam that is provided by the university. CHS courses are level 3 in the computation of QPA and class rank.

Course Sequence:

A course sequence is the preferred progression of courses in a single department, from the beginning level to the more advanced, which a student is advised to take in preparing his/her schedule from year to year. Course sequences are listed at the beginning of each department's outline of courses.

Credits:

One credit is earned upon successful completion (passing grade) of a full year course (120 hours of instruction). One-half credit is earned for the successful completion of a semester-long course (60 hours of instruction).

Elective course:

Electives are courses that students choose to take. By definition, they are not required. North East High School students are required to take 9.5 credits of electives, two of which must be in the area of Arts and Humanities and complete the .5 computer requirement.

Honors (H) Courses:

Honors courses provide a solid foundation for admissions to most colleges and universities. As the name implies, the pace is accelerated and the workload is demanding. Honors courses, second and third Year ECTS courses, and AP cyber courses are level 2 courses in the computation of GPA and class rank.

Prerequisite:

A prerequisite is a course or a requirement that a student must complete in order to qualify for entry into another course. For example, before students can take Painting I, they must successfully complete Studio I.

Regular Courses:

Regular courses (courses not designated honors, AP or CHS) prepare students to meet graduation requirements, seek immediate employment after high school, enter the military, or to further their education. The pace accommodates the individual needs and abilities of the average student. These are level 1 courses in the computation of GPA and class rank.

Required course:

A required course is one which must be taken by all students to receive a North East High School diploma. Please refer to the graduation requirement section of this catalog.

Semester:

A semester is half of a school year and includes two of the four marking periods. Many elective courses are one semester in length. Semester I begins in late August or September and ends in mid/late January. Semester 2 ends in June.

Students must be able to self-identify as a person with a disability and self-advocate throughout the process. If a dual enrollment student has a high school IEP, certain accommodations may not apply to the college course(s). Students should be directed to supportservices@rcnps.org for further information or to request an accommodation appropriate for college.

III. DUTIES AND RESPONSIBILITIES OF THE DISTRICT

- a. *Establishment of Classroom Facilities.* The District authorizes the use of its facilities as may be agreed upon by the District and NPRC. To ensure the program is equipped for college-level instruction, the school district will provide the following:
 - i. Adequate board space
 - ii. Computer/laptop equipment with projection
 - iii. Internet access that lifts the school district's firewall restrictions during delivery of instruction of dual enrollment courses to ensure comparable delivery of instruction and access to course materials, as found in college-level courses.

- iv. A classroom for each scheduled course that is available and ready within allotted instructional class time(s).

The school district will designate an official contact who will facilitate classroom needs listed above. The school district will notify NPRC of the name and contact information for the designated liaison.

Apart from NPRC staff, only a proctor or designated school district liaison is permitted to move, unplug, or otherwise manipulate NPRCs classroom equipment.

- a. *Student Records.* The District shall protect the confidentiality of student records as dictated by the Family Educational Rights and Privacy Act (FERPA) and shall release no information absent written consent of the student unless required to do so by law or as dictated by the terms of this Agreement.
- b. *Recruitment.* The District shall recruit and designate such students that it wishes to enroll in the contracted class.

IV. MUTUAL TERMS AND CONDITIONS

- a. *Number of Participating Students.* The Parties agree that NPRC will determine class enrollment limits and enrollment will be contingent in individual classes based upon the space available. District students will be given every consideration for class placement.
- b. *Compensation.* Tuition shall be \$60 per credit hour (\$180 per 3-credit course). As with the District's other dual enrollment programs that meet all requirements of 24 P.S. 16-1611-B *et. seq.* and the eligibility requirements for grant funding, the District, in accordance with the District's Dual Enrollment Resolution and at its sole discretion (unless required to do otherwise by law), may contribute tuition assistance in addition to the NPRC scholarship for any District student who chooses to enroll in the program. The remaining tuition amount will be the responsibility of the student/parent(s).

Notwithstanding Section V(2) of the Agreement, the Parties agree that the District reserves the right to modify the amount of any District contribution at its sole discretion, without the consent of NPRC, and without the necessity of amending this Agreement.

The Parties understanding and agree that said District Contribution is contingent upon a student's voluntary choice and the circumstances under which tuition reimbursement is afforded when a student withdraws from a course, NPRC's withdrawal policies and tuition reimbursement policies will be in effect and shall govern all classes covered by this Agreement. In the event NPRC terminates the Agreement for its convenience in accordance with Section V(6)(a) of this

Agreement, the District shall be entitled to a pro-rated refund for services that have been paid for but not yet performed by NPRC.

- c. *Textbook Charges.* Textbook costs will be the responsibility of the student/parent(s).
- d. *Term of Agreement.* The term of this Agreement shall be from July 1, 2024, through June 30, 2025.
- e. *Student Credit.* To successfully complete a course listed in this Agreement, students must earn a minimum grade of “C”. The District will award credit for, determining whether credit awarded is core or elective, and recognize courses that are successfully completed under this Agreement as fulfilling its graduation requirements. The District awards 1 high school credit per 3 credit hour college course completed under the terms of this agreement. However, the District will award a student no more than one credit for courses successfully completed during the Summer Academic Term (after the completion of the Spring Semester/Spring Academic Term and prior to the start of the Fall Semester/Fall Academic Term), regardless of how many courses are successfully completed and regardless of the fact that July 1 marks the beginning of the District’s new academic year. For example, (i) if a student successfully completes one or more courses after the conclusion of the Spring Semester/Spring Academic Term and prior to July 1 and also successfully completes one or more courses on or after July 1 and prior to the start of the Fall Semester/Fall Academic Term, the District will award only one credit; (ii) if a student successfully completes two or more courses after the conclusion of the Spring Semester and prior to July 1, the District will award only one credit; or (iii) if a student successfully completes two or more courses on or after July 1 and before the start of the Fall Semester/Fall Academic Term, the District will award only one credit.

NPRC will award postsecondary credit, not to exceed 30 postsecondary credits in any academic year, to students who successfully complete courses identified in this Agreement as identified above. NPRC will transcript this credit in the same manner other students who take a course at this institution. If a dual enrollment student becomes a regularly enrolled student at NPRC following graduation from secondary school, NPRC shall recognize those credits as applying to the student’s degree requirements as it would for any regularly enrolled postsecondary student who took the courses.

- f. *Promotional Materials.* Both NPRC and the School District agree to provide a mechanism for communicating the educational and economic benefits of higher education as well as the requirements for participation and enrollment procedures for dual enrollment to parents and students.
- g. *Committee Members.* The Dual Enrollment Committee appointed for the term of this Agreement is comprised of the following individuals:

Dr. Michele S. Hartzell, Superintendent of Schools

Ron Pollock, Director of Early Entry and Instructional Logistics, Northern Pennsylvania Regional College

Monica Schloder, Assistant Director of Disability and Career Services, Northern Pennsylvania Regional College

Notwithstanding Section V(2) of this Agreement, the Parties agree that, in the event that any member of the Dual Enrollment Committee becomes unable to serve in said capacity for any reason during the term of this Agreement, the District or NPRC shall be entitled to select a new member without the need to amend this Agreement.

- h. *Termination of Class Offering.* Without terminating this Agreement, NPRC or the District may terminate any class offering covered by this Agreement for any reason with ten (10) days' notice prior to the commencement of the class. If any course offering is terminated in accordance with this provision, the Parties agree that NPRC shall not be entitled to any compensation for said course.
- i. *Transportation.* Unless otherwise required by law, the District shall have no obligation to, and shall not be required to, transport students to and from the classroom facilities. In the event the District elects to provide transportation, said decision is discretionary and District transportation can be terminated at any time at the sole and unrestricted discretion of the District.

The Paying Party consents to the jurisdiction of any court or administrative tribunal of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The Paying Party agrees that any such court shall have personal jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.
- 4. Independent Contractor.** In performing the services required by the Contract, each Party will act as an independent contractor and not as an employee or agent of the other Party. The relationship of the Parties to this Contract to each other shall not be construed to constitute a partnership, joint venture, or any other relationship, other than that of independent contractors.
- 5. Conflict in Terms.** Should any portion of the Agreement contain terms which conflict with those contained within this page, the terms contained on this page shall unequivocally control.
- 6. Termination of Contract.** NPRC or District has the right to terminate the Contract for any of the following reasons. Termination shall be effective upon written notice to the other Party:

 - (a) Termination for Convenience. NPRC or District shall have the right to terminate the Contract for its convenience if it determined termination to be in its best interest. NPRC shall be paid for work satisfactorily completed prior to the effective date of the termination.
 - (b) Termination for Cause. NPRC or District shall have the right to terminate the Contract upon written notice for the other Party's default as to any of the

terms contained in the Contract between the Parties or by law. If it is later determined that NPRC or District erred in terminating the Contract for cause, then, at NPRC's or District's discretion, the Contract shall be deemed to have been terminated for convenience under subparagraph (a).

- (c) Notwithstanding the provisions of sections (a) and (b) of this section, if semester classes have already commenced prior to termination of this Agreement by either Party, NPRC and District agree to complete all course offerings for the semester in which notice is given, and NPRC shall be paid for work through the completion of the semester in which notice is given.

IN WITNESS WHEREOF, the authorized representatives of the Parties have executed the Agreement as of the date previously indicated.

PUBLIC PARTICIPATION – AGENDA ITEMS ONLY

Ms. Caroline Fynan requested five minutes to speak later in this meeting but had not previously registered her intent to speak as per board policy. She also requested that the minutes from the previous meeting be amended to list her stated concerns in detail with regard to the stadium turf project. She voiced a complaint that board interaction was not permitted to take place during that meeting.

Attorney Sennett reminded everyone that the public comment periods are just for the purpose of public comments and are not intended as an interaction period. He additionally stated that meeting minutes do not include a word-for-word recitation of comments. The Sunshine Act specifies only that meeting minutes must include the name of the person speaking and their topic of concern.

REPORTS & PRESENTATIONS

Pennsylvania regulation Chapter 339 Career and Technical Education Standards require that school districts develop a Guidance Plan to implement career/occupational exploration plans for students in grades K-12 that are aligned with the state's Career Education and Work Standards. Dr. Renne provided a brief background of this legislation, the history behind it and importance of having such a plan in place. All of the district's counselors were present; they each spoke about the plans and student activities happening in their own individual buildings or assignments which are in place to provide students with career exploration opportunities and assistance.

- Congratulations were also extended to four wrestlers who qualified for states in their sport as well. Students will be recognized at an upcoming board meeting.

BOARD REPORTS

- North East Recreation Commission – Mr. Wargo said that the new agreement is still in the works between entities. Hopefully something will be ready soon to be brought before the school board for approval.
- Northwest Tri-County Intermediate Unit – Dr. Blystone reported that the IU's 2024-2025 budget was approved by the IU board. She brought an executive summary with her and passed it around for board members. The full IU budget is available online at www.iu5.org.
- Erie County Technical School – Mr. Boyd reported normal business at the ECTS board meeting on February 22nd. The technical school's 2024-2025 budget was also approved; good things are happening for our students. In response to a question from Mr. Mobilia, Mr. Boyd stated that renovations are almost complete and they are working on the punch list now. He expects that they will hold a dedication ceremony in August.
- School Health Council – Mrs. Phillips shared that the next Health Council meeting is scheduled for next week. Dr. Sara Wick has been working to provide wellness lessons for elementary students and is working on plans for middle school students as well. School nurses are seeing a lot of flu and intestinal issues which are pretty common for this time of year and is expected to decrease. The committee is getting excited for Family Fitness Day in May.

Mr. Craig spoke at this time in opposition to recent revisions approved to Board Policy 903 – Public Participation in Board Meetings and specifically against the requirement of 72 hours' notice in order to speak for five minutes at a board meeting. Attorney Sennett once again explained that the policy does not prevent members of the public from speaking and does not limit the scope of a person's comments. The intent of the advance notice is to identify what the concerns are so that members of the board and administration can understand the issue. Brief board discussion followed and Attorney Sennett stated that changes to the policy can always be revisited if necessary.

Dr. Hartzell reminded everyone that the current year's calendar was changed in September so that school will not be in session on the day of the eclipse. Even though printed calendar handbooks show that Friday, March 15th is a day off, school will be in session on March 15th and off on Monday, April 8th.

PUBLIC PARTICIPATION

- Ms. Amanda Steeneck, parent of three small boys, stood to convey concerns regarding potential injuries from play on the planned artificial turf field, in addition to concerns about chemicals and maintenance costs. She would be in support of other updates to the current facilities.
- Mr. Ryan Stage voiced concerns regarding board policies 113, 113.1 and 218 dealing with student discipline, special education, and discipline of students with disabilities, stating that the district needs to do better for students with special needs.
- Ms. Nicole Fitch thanked the board for approving the Bocce program, saying that they are excited to get started.
- Mr. Jeff Buchholz, president of the Athletic Hall of Fame, was glad to hear that Career Hall of Fame inductees were invited to speak at the high school but asked why these individuals are not included on the kiosk which is installed at the high school. Mr. Mobilia said that he will find out.
- Ms. Caroline Fynan spoke again in opposition to the planned artificial turf field at the stadium, charging that the board has an ethical responsibility to stop the project before the work begins.
- Mr. Buchholz spoke again to suggest that the board develop some type of philosophy regarding answering questions from the public. He asked Dr. Hartzell if she knows why the Career Hall of Fame inductees are not included on the kiosk. She responded that she believes it is just a matter of board action.

RE: High School Kitchen Floor Replacement

Dear Mr. Wingerter:

Weatherproofing Technologies, Inc. is pleased to present the following proposal for the High School Kitchen Floor Replacement.

This project would be completed under the OMNIA Contract R220904-319272, and would include a complete turn key solution including pre-construction meetings, part-time construction observation and closeout.

Scope of Work (Kitchen, Dishwasher and Hallway):

- Stonhard's turnkey proposal includes the labor and materials to remove the existing tile flooring and mortar bed, and install a new base of urethane grout topped with a seamless Stonclad UT urethane mortar floor.
 - The existing floor has failed in a number of areas due to the grout bed cracking and crumbling. These areas have been replaced. If the grout bed is not replaced the floor will continue to fail.
 - Stonhard's urethane grout and mortar system does not have grout lines and will withstand thermal shock from hot liquids, and deterioration from oils, greases and other organic materials that have attacked the existing grout lines and mortar. Once replaced, the new Stonhard floor will offer a durable, slip resistant anti microbial surface that will offer years of superior performance while being low maintenance.
 - Floor and Grout Bed Removal
 - The area will be sealed off by installation of plastic sheeting and will be put under negative pressure using filtered fans to contain most dust.
 - Stonhard will use chipping guns and scarifiers to remove the existing flooring and grout bed.
 - Mechanical surface preparation to the required CSP per ICRI guidelines.
 - Mechanically prepare all accessible areas. This procedure removes all surface laitance, oil, grease and dirt from the substrate and provides a mechanical profile to enhance bonding. Any substrate cracks will be routed and packed with material to prevent transfer of the crack through the overlayment.
 - All drains or other openings will be covered to prevent debris from entering.
- Stonhard's Floor System - Stonclad UT**
- Stonclad UT - A 1/4" polyurethane mortar system sealed with a high performance, chemically resistant urethane sealer.
 - This system offers excellent chemical and thermal shock resistance up to 250 degrees F/132 degrees C. It is also extremely durable under heavy industrial traffic conditions

- Stonclad UT Mortar Application - After the mortar material is mixed, it is then screed into place at 3/16" thickness. Notch trowels and spiked rollers are used to smooth the surface of the material. Texture aggregate is then broadcast into the wet mortar until a dry, uniform appearance is achieved.
- Stonkote UT7 Application - After removal of any loose aggregate, a pigmented two-component chemical urethane sealer is applied.

Conditions of Use (Kitchen, Dishwasher and Hallway):

- There are no spillages specified. However if spillages do occur, they are not to exceed the Chemical Resistance Guides of the quoted products. The spillages occur over 100 % of the floor through normal operations on a daily basis.
- The floor is mopped with degreaser daily at a temperature of 100° F.
- The floor is subject to cart traffic and hand trucking on rubber and plastic wheels with a maximum load of no more than 30,000 lbs.

Warranty (Kitchen, Dishwasher and Hallway):

- Refer to Terms and Conditions for detailed warranty. One Year

Pricing Assumes:

- Others will remove all sinks and equipment from the rooms prior to the start of work. Serving line will remain in place. The new flooring will be installed around it.
- Concrete is in acceptable condition and free from unforeseen contaminants.
- All leftover product is the property of Stonhard.
- Customer will have loading dock and/or means to accept and store material shipment in a safe and dry place near the job site.
- Customer will provide proper temperature (60F-90F), lights, power (220v or 440v, 60 amp, 3 phase), and a dumpster for trash removal.
- Customer will ensure area is dry and temperature controlled before Stonhard installation team arrives to begin install(s).
- (1) phase installation with the entire area available at once without delays or restrictions to space. If additional phases are required or restrictions/delays occur, additional labor costs will be charged.
- Area will be free of all movable equipment and trades prior to Stonhard's arrival.
- Area will be free of all traffic and activity during the installation and for a twelve hour period after it is completed.

Pricing Includes:

- Removal of a 2" thick grout bed. And regrading with up to 128 units of Stonset TG6 grout. Each unit includes 2.6 cubic feet of grout. If additional materials are required, added cost for materials will apply.
- Mechanical preparation of concrete to required CSP per ICRI guidelines.
- Furnish and installation of proposed Stonhard products.

Exclusions:

- Premium time, tenting, venting, heat, power, moisture testing, lighting, post installation protection, sloping, pitching, moisture mitigation, patching, major concrete repair, flood testing, caulking, bonds, and meeting any FF/FL requirements.

Project Investment:

Promising Futures

January 2024

Dear Dr. Hartzell,

I wanted to reach out to you and your district and wish you a Happy New Year. We want to thank you for continuing to allow Bethesda Lutheran Services to provide contracted services to your students. As Bethesda Lutheran Services reviews our 24-25 Alternative Education budget, we have determined that the cost to run the program has increased.

We started providing Erie County School Districts with Alternative Education in 2019 and have not increased our rates. We try very hard at Bethesda to continue to offer a quality service at a competitive rate. Since we have been doing the service, the daily rate has been \$70.00 a day. As our costs continue to increase, we need to increase our daily rate by 4.3% which will increase to \$73.00 a day.

We wanted to make everyone aware that if a current contracted district reduces its seats in the 24-25 school year, we won't be able to meet the cost of the program. This will cause the daily rate to increase by more than 4.3%.

If you have any questions, please feel free to reach out to me at 814-724-7510 ext. 223 or my cell phone at 814-720-6645. Otherwise, please sign the contract and return it to me via email at gtrauner@bethesda1919.org.

Sincerely,

George R. Trauner
Chief Executive Officer
Bethesda Lutheran Services

Authority

The Board recognizes that factors such as illness, travel, schedule conflicts, weather conditions and other emergency situations can make impossible the physical presence of a school director or other necessary participants at a Board meeting, and that electronic communications can enable a school director or other necessary participants to participate in a meeting electronically from a remote location.

A school director shall be able to attend a Board meeting, and participate in Board deliberations and voting, through electronic communications, under extraordinary circumstances as deemed appropriate.[\[1\]](#)

The Board authorizes the administration to provide the equipment and facilities required to implement this Board procedure.

Guidelines

A school director who attends a meeting through electronic communications shall be considered present only if the school director can hear everything said at the meeting and all those attending the meeting can hear everything said by that school director and other participants addressing the Board. If the Board President determines either condition is not occurring, the Board President shall terminate the school director's attendance through electronic communications.

To attend a Board meeting through electronic communications, a school director shall comply with the following:

1. Submit such request to the Board President or Superintendent.
2. Ensure that the remote location is quiet and free from background noise and interruptions.

Emergency Conditions

In the event that the county, state or federal public health authorities, the Governor, or any similar authority with appropriate jurisdiction declares an emergency condition that prevents or discourages public gatherings due to a public health or safety concern, the Board shall be authorized to conduct meetings primarily or entirely via electronic communications to enable all school directors and other necessary participants to fully participate in the conduct of official Board business through electronic communications.[2]

Meetings held primarily or entirely via electronic communications shall be conducted in a manner that assures compliance with the public access and public comment requirements of the Sunshine Act. All rules normally applicable to in-person meetings of the Board shall be observed in meetings held primarily or entirely via electronic means to the extent practicable and appropriate to the nature and features of the technology used in accordance with law and Board procedures and policy.[3][4]

Executive Sessions

Due to the private and sensitive nature of all discussions which qualify for protection under the laws and regulations of the Sunshine Act, all personal cellular devices and/or other means of personal electronic communications shall remain shut off during Executive Sessions. Attendance at Executive Sessions will be in person only.

- Spring 2023 PSSA student performance results, pandemic learning progression, and PSSA growth snapshots were reviewed by Mrs. Hathaway, building administrator for grades 3-5 at the North East Intermediate Elementary, and by Mr. Corey Garland and Mrs. Dara Allen, building administrators for grades 6-8 at the North East Middle School. Percentages of students with either proficient or advanced test results were shared by grade level for the subject areas of ELA, Mathematics and Science. Test scores are rebounding post pandemic, and North East schools are scoring above the PA average in most tested areas. Action steps for improvement moving forward were shared for both buildings. North East Intermediate is currently ranked #276 out of 1,452 elementary schools ranked in Pennsylvania by U.S. News & World Report. North East Middle School is ranked #73 out of 877 schools ranked in Pennsylvania. Schools are ranked on their performance on state-required tests and how well they prepare their students for high school. Focus areas for NEIE and the Middle School will include the Science of reading, Professional Learning in enVision Math, and the new STEELS standards for Science.
- Mr. Emick reviewed data at a glance for the subgroup of the district's identified special education population in grades 3-12. He discussed intervention strategies in place to help this population close the gap as compared to their same-age peers. The district employs a full-time learning support instructor at every grade level 3-12 to assist these students to work toward their full potential.
- Dr. William Renne, building administrator for North East High School, provided an explanation of the differences between PSSA testing in students in grades 3-8 as opposed to Keystone testing at the high school level, and how to interpret those test results. He reviewed data for Keystone tests administered in 2022-23, and then went on to provide an overview of the five different pathways designated by Act 158 for students to be issued a diploma. As of today's date, 100% of NEHS seniors have a designated pathway to graduation. Focus areas for the High School will be on the CDT's and the new STEELS standards.
- Dr. Hartzell concluded this extensive report by indicating that teachers and staff have already been working this year to address gaps in the curriculum and have focused professional learning to meet the needs of the students. She thanked the administrative team, teachers, and staff, working together to achieve success for North East students.

**NORTH EAST SCHOOL DISTRICT
MINUTES OF THE REGULAR MEETING OF THE BOARD OF SCHOOL DIRECTORS
THURSDAY, FEBRUARY 15, 2024**

- In response to concerns brought forward from some community members with regard to the proposed installation of artificial turf at the stadium, Mr. Mobilia and Mr. Luke reported that they had met with project engineers to further discuss drainage and storm water management plans. There will be no expected runoff as all drainage will be confined to the gravel and stone basins to be installed directly underneath the field itself. This one-acre field is not expected to create any significant impact on the community or adjacent lake water. Additionally the Department of Environmental Protection will inspect the finished product to ensure that all specifications are met and there will be no negative impact to the environment.

A brief discussion followed regarding additional concerns for potential injuries or health issues caused by artificial turf as opposed to similar injuries which might be sustained on a grass field.

Prior to approval of the minutes from the previous meeting, Mr. Luke stated that his vote against some personnel items at that meeting was intended to be against the pay rate and not in opposition to the individuals themselves. Mr. Sennett further clarified that this statement was simply an explanation of the reasons for his vote and is not an amendment to the minutes.

Purpose

The Board encourages the residents of the North East School District to come before the Board to present their petitions, inquiries, or other communications of interest to the North East School District. The Board recognizes the value to school governance of public comment on educational issues and the importance of involving members of the public in Board meetings. The Board also recognizes its responsibility for proper governance of the district and the need to conduct its business in an orderly and efficient manner.

Board meetings are primarily for the conduct of School District business. The Board cannot tolerate the disruption of the prime purpose. This objective must be weighed against the concept of public participation. It is the maintenance of this delicate balance that is the Board's intent in this policy.

Authority

The Board adopts this policy to govern public participation in Board meetings necessary to conduct its meeting and to maintain order.[\[1\]](#)

In order to permit fair and orderly expression of public comment, the Board shall provide an opportunity at each open meeting of the Board for residents and taxpayers to comment on matters of concern, official action or deliberation before the Board prior to official action by the Board.[\[2\]](#)

Time shall be set aside near the beginning of each meeting agenda for public comment regarding only items listed on the agenda for that meeting. Additional time shall be offered near the end of each public meeting for public comment regarding issues or concerns unrelated to the set meeting agenda.

If the Board determines there is not sufficient time at a meeting for public comments, the comment period may be deferred to the next regular meeting or to a special meeting occurring before the next regular meeting.[\[2\]](#)

Delegation of Responsibility

The presiding officer at each public Board meeting shall follow Board policy for the conduct of public meetings. [3][4]

Guidelines

Whenever issues identified by the participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the district.

The Board requires that public participants be residents or taxpayers of this district, anyone representing a group in the community or school district, any representative of a firm eligible to bid on materials or services solicited by the Board, any district employee, or any district student.

All individuals wishing to participate in a public Board meeting shall register their intent with the Board Secretary or designee seventy-two (72) hours prior to the meeting if they want 5 minutes to speak and shall include the name and address of the participant, topic to be addressed and group affiliation, if applicable. They must also complete attachment A. Parents/guardians should address issues/concerns following the chain of command by first following Board Policy 906.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name and also complete attachment A.

In case of groups of two or more, the Board President has the right to ask that just one representative act as spokesman for the group.

Time limitations for the presentations will be five (5) minutes for those on the agenda and three (3) minutes for those who were not on the agenda with completion of attachment A.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Board members individually.

The presiding officer may:

1. Declare any persons out of order if they are beyond the time limit, become obscene or become slanderous.
2. Interrupt or terminate a participant's statement when the statement is beyond the time limit, obscene, or slanderous .
3. Request any individual to leave the meeting when that person does not observe reasonable decorum.
4. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
5. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.
6. Waive these rules with the approval of the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda shall be available to the press and public at the meetings.

- High School Curriculum Presentation – Ms. Nicole Fitch, North East High School Librarian, provided the Board with information regarding a new elective course recommended for high school students entitled the “Science of Happiness”, which is modeled after a very popular course offered at Yale University. In keeping with the district's goal of supporting mental health for students and staff, this course is intended to assist teens with such topics as stress management, fostering positive relationships, developing healthy habits, and learning practical life skills which will enable them to navigate adulthood successfully. A question and answer session took place with board members directly following the presentation.

During the curriculum presentation, it was noticed that a community member who was present online was requesting to address the board regarding an agenda item. The meeting was paused at this time to enable and assist with remote participation for Mrs. Theresa Richter.

Mrs. Richter addressed the board at this time to speak against proposed revisions to board policies listed for first and/or second readings. Presentations resumed following her public comments.

NORTH EAST SCHOOL DISTRICT
MINUTES OF THE REGULAR MEETING OF THE BOARD OF SCHOOL DIRECTORS
THURSDAY, JANUARY 18, 2024

The North East School District Board of School Directors met in a Regular Meeting that began at 6:30 PM on Thursday, January 18, 2024, with the following board members present: Dr. Blystone, Mr. Craig, Mr. Ferruggia, Mr. Mobilia, Mrs. Phillips, Mrs. Rohde and Mr. Wargo. Mr. Luke was present online and Mr. Boyd was excused. Also in attendance were administrators Dr. Hartzell, Mr. Fox, Mr. Emick, Mr. Garland, Dr. Renne, and District solicitor Attorney Timothy Sennett. Mrs. Allen and Mrs. Hodges were in attendance online. There were approximately 25 visitors present in person and 38 members of the public logged in for remote participation.

The pledge of allegiance was recited.

Mr. Mobilia announced that the North East Board of School Directors had met in an Executive Session on January 10, 2024, concerning areas permissible under Act 84 which include confidentiality issues protected by law, specifically personnel.

Before the floor was opened for public participation, Dr. Blystone reminded all present that although community members have the right to speak at public meetings as per Board Policy 903 (Public Participation in Board Meetings), any discussion or concerns regarding any district employee should be addressed by following the chain of command protocol governed by Board Policy 906 (Public Complaint Procedures). The law prohibits discussion of personnel issues in public session.

PUBLIC PARTICIPATION – AGENDA ITEMS ONLY

- Ms. Erin Beckes-Reese addressed the Board with complaints regarding the district's response to the alleged behavior of a district coach on a field trip.
- Ms. Jen Kilgas suggested that instructional aides filling in for a teacher should receive some type of pay compensation in recognition of this responsibility, similar to the additional pay increment being offered to administrative staff for this type of situation. She also asked if the district intends to fill the newly-vacant ISS Facilitator position or if this duty will just be handled internally. Dr. Hartzell responded that the position will be filled but not at this time.

REPORTS & PRESENTATIONS

- Capital Projects Presentation – Mr. Bill Wingerter, Facilities Supervisor, presented a list of recommended expenditures to be included with the 2024-2025 budget for facilities and equipment maintenance, and explained the need for each item listed. Major projects in the school buildings will include replacement of original kitchen flooring at the high school, and ceiling tile and carpet replacement at the elementary center. Carpeting and ceiling tiles are expected to be at least partially covered by insurance claims from the roof replacement project. New and expanded fencing is proposed to be installed around the perimeter of the stadium which will increase security, and an upgraded 4520 tractor with pay loader has been included in the budget so that staff will be better equipped to handle facilities maintenance issues in house. Questions from board members were responded to as the presentation progressed.

Mr. Fox reported on long-term capital projects on the horizon for the stadium facility & fieldhouse, the elementary center and the high school. Issues with labor shortages and availability of equipment as well as inflation are all driving the need to address these projects sooner than later. He also reported on proposed equipment to be purchased for the food service department utilizing excess net cash resources within the food service fund, the use of which is controlled by restrictions of the national school lunch program. Mr. Fox briefly explained the budget process for new board members and invited board members to contact him with any questions.

PUBLIC PARTICIPATION

- Ms. Carolyn Brown asked what the procedure is to start an after-school club. Dr. Hartzell advised her to speak with the building principal.
- Ms. Pam Hirtzel expressed disappointment regarding the behavior and comments of community members on social media regarding issues that they may not have all of the facts about.
- Ms. Jen Kilgas requested to know the district's decision process or procedures regarding termination of employment vs. acceptance of resignations. Attorney Sennett provided an explanation of the district's limited options upon receipt of a resignation and also reminded everyone that supplemental coaching applications are seasonal only, to be renewed or rejected on an annual basis. Any subsequent employer bears the burden of consulting references prior to hiring. Ms. Kilgas stressed that the welfare of children should be the first priority in all employment decisions.
- Ms. Erin Beckes-Reese stated that the district does not prioritize the welfare of children.
- Ms. Tonya Burdick asked if anyone had investigated the rumors that were spread. Attorney Sennett repeated that the district is not permitted to discuss confidential personnel matters in public session.
- Mr. Jason Babo stated that his son was on the trip in question and knows that an investigation was done, but was concerned that he was not made aware of any issue until he started seeing social media posts. He urged the Board and administration to find a new coach who will continue the vision and positive momentum with the football team and not to just fall back on the previous coaching staff who may not necessarily be the best fit for the job.
- North East High School student Joel Morey stated that he was one of the students on the field trip. He stated that it was a great experience and that at no time did he or the other students feel like they were in any danger.

ADJOURNMENT: By acclamation the regular meeting was adjourned at 7:48 PM.

INDEPENDENT AUDITOR'S REPORT

To the President and Members of
The Board of Education
North East School District
North East, Pennsylvania

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of **North East School District** as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise **North East School District's** basic financial statements as listed in the table of contents. We have also audited the fiduciary fund types of the **North East School District** as of June 30, 2023, as displayed in the District's basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the **North East School District**, as of June 30, 2023, and the respective changes in financial position and the respective budget comparison of the General Fund and the cash flows of the business-type activities for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the **North East School District** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Report on Summarized Comparative Information

We have previously audited the **North East School District's** June 30, 2022 financial statements, and our report dated December 15, 2022, expressed unmodified opinions on the respective financial statements of the governmental activities, business-type activities, each major fund, and aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the **North East School District's** ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the **North East School District's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **North East School District's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 5 through 12), schedule of change in the District's net OPEB liability and related ratios – District Plan (page 45), schedule or change in the District's net OPEB liability and related ratios – PSERS Plan (page 46), schedule of District contributions – OPEB – District Plan (page 47), schedule of District contributions – OPEB – PSERS Plan (page 48), schedule of the District's proportionate share of the net pension liability (page 49), and schedule of District contributions – Pension (page 50) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the **North East School District's** basic financial statements. The supplementary information including the Comparative Statements of Revenue and Expenditures – General Fund, Statement of Cash Receipts and Disbursements – Activity Fund and Schedule of Expenditures of Federal Awards are presented for purposes of additional analysis and are not required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, and is also not a required part of the basic financial statements.

I. Discussion and Analysis

The following is a discussion and analysis of the **North East School District's** financial performance for the year ended June 30, 2023. The section is a summary of the District's financial activities based on currently known facts, decisions, or conditions. It is based on both the government-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which follows this section.

II. Financial Highlights

The following items are the financial highlights experienced by the **North East School District** during the fiscal year ended June 30, 2023:

- Overall net position from operations of the District increased \$2,410,000 during the fiscal year ended June 30, 2023. This consisted of an increase in governmental activities in the amount of \$2,273,000 and an increase in business-type activities in the amount of \$137,000.
- The District's total revenue decreased approximately \$6,033,000 from \$35,488,000 during the year ended June 30, 2022 to \$29,455,000 during the year ended June 30, 2023. This decrease was primarily related to a decrease in operating grants including pandemic related grants/aid.
- The District's total expenses increased approximately \$78,000 from \$26,966,000 during the year ended June 30, 2022 to \$27,044,000 during the year ended June 30, 2023.
- The District had capital additions during the current fiscal year in the amount of \$2,857,000 in the governmental activities and \$108,000 in the business activities. The current year additions were primarily related to the purchase of equipment, technology equipment, and building renovations.

III. Overview of the Financial Statements

A. Reporting the School District as a Whole (District-wide Financial Statements):

This annual report consists of three parts: MD&A (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of **North East School District**.

The district-wide statements report information about the School District using accounting methods similar to those used by private-sector companies. Activities that are fiduciary in nature are not included in these statements.

1. Statement of Net Position

The Statement of Net Position (page 13) shows the School District's assets, deferred outflows of resources, liabilities, deferred inflows of resources and the net position. The Statement categorizes assets to show that some assets are very liquid, such as cash and cash equivalents. Some assets are restricted for certain purposes or reserved for emergencies and cash flow purposes. Some assets are invested in "fixed" or "capital" assets, such as buildings, equipment and other long-lived property; and some assets are available to fund budgets of the following year.

2. Statement of Activities

The Statement of Activities (page 14) shows amounts of program-specific and general District revenue used to support the various functions.

The Statement of Net Position and Statement of Activities divide the activities of the District into two categories: governmental activities (the school functions, including instruction, support services, non-instructional services, etc.; property taxes, state and federal revenue usually support most of these functions) and proprietary activities.

The two district-wide statements report the School District's net position and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources and the District's liabilities and deferred inflows of resources – is one way to measure the District's financial health

or position. Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

B. Reporting the District's Most Significant Funds (Fund Financial Statements):

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or major funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Significance of funds is determined based on the proportional size of the funds, the relative importance of the activities of the funds to the District's operations, and the existence of legal budget requirements. Internal Service funds are never reported as major funds, but are combined and presented in a separate column.

The District has two kinds of funds:

1. Governmental Funds

Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can

readily be converted to cash flow in and out and the balances left at year-end that are available for spending. Consequently the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.

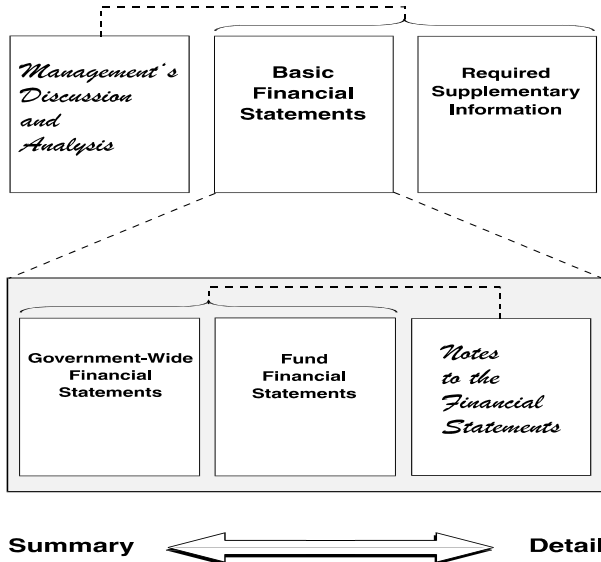

2. Fiduciary Funds

The District reports the activity of the North East Education Foundation as a private purpose trust fund in the fiduciary fund financial statements. The District excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations.

IV. Financial Analysis of the School District as a Whole (continued)

Figure A-5 through figure A-8 and the narrative that follows considers the operations of governmental activities, along with revenue and net costs percentages for governmental activities.

Governmental Activities - Revenue

Revenue of the District's governmental activities decreased 17%, while total expenses increased 0%. The District's total net position increased approximately \$2,273,000 during the fiscal year ended June 30, 2023.

Figure A-4 presents the major sources of revenue of the District's governmental activities. Total revenue of the District was \$28,344,000 for the fiscal year ended June 30, 2023. The most significant changes in the District's governmental revenue are more thoroughly discussed as follows:

- Tax revenue which represents approximately 35% of the District's total revenue for governmental activities increased 6% during the year ended June 30, 2023 due to an increase in tax levy.
- State sources (basic subsidy aid) which represents approximately 32% of the District's total revenue for governmental activities increased by 5% as compared with the prior year due to an increase in basic subsidy aid.
- Interest earned increased by approximately \$667,000 which can be largely attributed to an increase in interest rates during the year.

IV. Financial Analysis of the School District as a Whole (continued)

Governmental Activities - Revenue (continued)

- During the year ended June 30, 2023, the District saw a decrease in program revenue, which mostly resulted in a decrease in operating grants in the amount of \$6,936,000 and from an increase in charges for services in the amount of \$49,000. The decrease in operating grants was primarily related to decreases in COVID-19 pandemic related grants and aid.

Governmental Activities - Expenses

Figure A-8 presents the cost of each of the District's five largest expenditure-type, which include; instruction, support services, non-instructional services, debt service and food service; as well as each expenditure-type's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the District's taxpayers and Commonwealth of Pennsylvania by each of these functions. Total costs of the District's governmental activities were \$26,071,000.

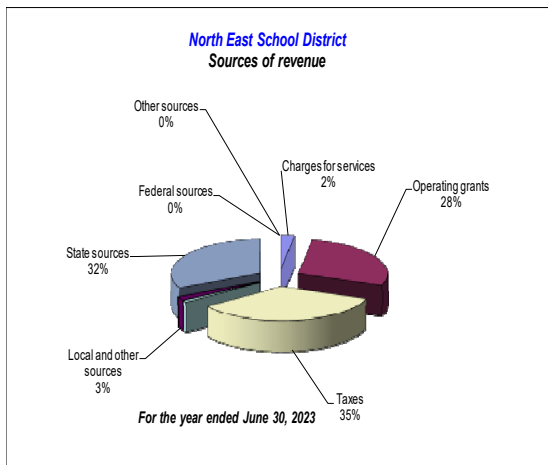

IV. Financial Analysis of the School District as a Whole (continued)

Governmental Activities - Expenses (continued)

The most significant changes in the District's governmental expenses are more thoroughly discussed as follows:

- The District's instruction costs decreased by approximately \$393,000 or 2% which was primarily due to a decrease in contractual expenses due to a decrease in payments to Erie County Technical School for the District's share of their construction project offset by an increase in pension expense.
- The District's support services costs increased by approximately \$437,000 or 5% during the year ended June 30, 2023 due to an increase in pension expense
- Non-instructional costs of the District increased approximately \$159,000 or 18% during the year ended June 30, 2023 due to an increase in student activity expenses.

Figure A-5 – District-wide Sources of Revenue

IV. Financial Analysis of the School District as a Whole (continued)

Governmental Activities - Expenses (continued)

- The District's other financing uses decreased \$208,000 during the current year ended June 30, 2023 due to a decrease in interest payments on outstanding debt.
- For governmental activities, the District received approximately \$7,905,000 of operating grants and charges for services from its state and federal grants which subsidized certain programs of the District.
- Most of the District's net costs (\$18.2 million) were financed by real property taxes and state aid.

V. Financial Analysis of the School District's Funds

It is important to note that variances between years for the governmental fund financial statements (Balance Sheets and Statement of Revenue, Expenditures and Changes in Fund Equity) are not the same as variances between years for the District-wide financial statements (Statement of Net Position and Statement of Activities). The District's governmental funds are presented on the current financial resources measurement focus and the modified accrual basis of accounting, while the statement of net position are presented on the full accrual method of accounting. Therefore, governmental funds do not include long-term debt liabilities for the funds' projects and capital assets purchased by the funds.

Governmental funds will include the proceeds received from the issuance of debt, the current payments for capital assets, and the current payments for debt. Below is a description of the most significant changes to the fund financial statements from that reported in the previous year.

General Fund

- The District's general fund expenditures and other uses exceeded its revenues and other sources by approximately \$1,830,000.
- The District's general fund unassigned fund balance equated to approximately \$1,923,000 as of June 30, 2023.

**V. Financial Analysis of the School District's Funds
(continued)**

General Fund (continued)

- The District had assigned fund balance as of June 30, 2023 in the amount of approximately \$403,000.
- The District had committed fund balance of as of June 30, 2023 in the amount of \$7,192,000.
- The District's total assets decreased approximately \$2,075,000 while liabilities and deferred inflows decreased \$245,000 during the year ended June 30, 2023. The decrease in assets was primarily due to a decrease in intergovernmental receivables. The decrease in liabilities and deferred inflows was associated with a decrease in accrued liabilities.
- Total revenue in the District's general fund decreased \$20,102,000. This decrease was primarily related to decreases in Covid-19 pandemic related grants and aid, proceeds from bond refunding, and rental subsidy. Total expenditures and other uses decreased \$14,647,000, which resulted from a decrease in interfund transfers towards capital projects and payments towards a bond refunding.

VII. Capital Asset and Debt Administration

Capital Assets

As depicted in Figure A-12, as of June 30, 2023, the District had invested \$28,475,000 in a broad range of capital assets, including reconstruction projects and other equipment. Capital additions made during the year ended June 30, 2023, totaled approximately \$2,965,000 and were primarily due to equipment, technology purchases and building renovations. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Long-term Debt

As depicted in Figure A-13, as of June 30, 2023, the District had approximately \$50,904,000 in bonds, net pension liability, compensated absences, and other post-employment benefits. The overall outstanding balance increased 4% as compared with the previous year. This increase was primarily the result of the District's proportionate share increase in the net pension liability due to an actuarial update offset by a decrease in bonds payable due to the District making regularly scheduled principal payments.

- The District is uncertain as to the level of state aid in future years as it moved out of the Covid-19 Pandemic.
- The District continues to note a decline in general student enrollment, however projections are showing that the decline has begun to level off.

NORTH EAST SCHOOL DISTRICT
RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AS OF JUNE 30, 2023

Total fund balances - governmental funds		\$ 13,145,412
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. Capital assets consist of the following at year-end:		
Cost of the assets	\$ 70,964,805	
Accumulated depreciation	<u>(42,706,836)</u>	28,257,969
Taxes receivable will be collected, but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred inflows of resources in the funds. The District has also reserved approximately 5% or \$18,000 of delinquent taxes receivable.		653,383
Interest on long-term liabilities is not accrued in governmental funds, but rather is recognized as an expenditure when due.		(90,000)
Net deferred (inflows) and outflows of resources related to actuarial OPEB differences are reported on the statement of net position and amortized over the average members' years of service. In the government funds, OPEB expense is based on required benefits paid.		(46,785)
Net deferred (inflows) and outflows of resources related to actuarial pension differences are reported on the statement of net position and amortized over the average members' years of service. In the government funds, pension expense is based on required contributions.		4,990,888
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of the following:		
Bonds payable	(10,880,234)	
Other post employment benefits	(3,254,108)	
Net pension liability	(35,834,000)

NORTH EAST SCHOOL DISTRICT
RECONCILIATION OF GOVERNMENTAL FUNDS REVENUE, EXPENDITURES AND
CHANGES IN FUND EQUITY TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2023

Total net change in fund balances - governmental funds \$ (1,747,254)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. Activity for the current fiscal year ended was as follows:

Capital outlays	\$ 2,856,781	
Depreciation expense	<u>(1,729,534)</u>	1,127,247

Because some taxes will not be collected for several months after the District's year end, they are not considered as "available" revenue in the governmental funds. In the statement of activities amounts are recognized as revenue as they are considered earned. Deferred inflows of resources changed by this amount during the year. 60,058

Repayment of bond principal (including refunding of debt) is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This balance includes the net amortization of defeasement losses and bond premiums. 1,520,809

District's proportionate share of actuarial calculated pension expense and net amortization of deferred amounts are recorded in the statement of activities, whereas in the governmental funds, pension expense is based on the District's contribution to pension plan. 1,499,188

District's actuarial calculated OPEB expense and net amortization of deferred outflows and inflows related to OPEB are recorded in the statement of activities, whereas in the governmental funds OPEB expense is based on the District's required benefits paid to the OPEB plans. (31,912)

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. 15,000

In the statement of activities, certain operating expenses - compensated absences and special termination benefits - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used. (167,107)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The *North East School District* is governed by the Education Law and other general laws of the State of Pennsylvania. The governing body is the Board of Education. The scope of activities included within the accompanying financial statements are those transactions which comprise School District operations, and are governed by or significantly influenced by, the Board of Education. Essentially, the primary function of the School District is to provide education for pupils. Support services such as transportation of pupils, administration, finance, and plant maintenance are also included. The financial reporting entity includes all funds, account groups, functions and organizations over which the School District officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

B. Basis of Presentation

1. District-wide Statements

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize double counting of internal transactions. Governmental activities generally are financed through taxes, state subsidy, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants. Business-type activities include the District's food service operation which is financed through sales and reimbursements of breakfasts and lunches.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenue.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

2. Fund Financial Statements

The fund statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental, proprietary and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

a. Governmental Fund Types

Governmental funds are those funds used to account for and report the operations of the School District. The acquisition, use, and balances of financial resources and related assets and liabilities are reported therein. The measurement focus is the determination of changes in financial position rather than net income determination. The following funds and aggregate governmental fund types are employed in accounting for and reporting School District operations. The District reports the following major governmental funds:

General Fund - The General Fund is the principal operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - The Special Revenue Fund is used to account for and report those revenues and expenditures that are committed for student activities.

Capital Projects Funds - The Capital Projects Funds are used to account for and report financial resources to be used for the acquisition or construction or renovation of major capital facilities or equipment. These projects are approved by the Pennsylvania Department of Education and a portion of the costs will be reimbursed with state subsidy in future years.

b. Proprietary Fund Types

Proprietary Fund Types are used to account and report activities that are similar to business operations in the private sector where the focus is on determining net income and cash flows. Proprietary Fund Types include the following fund:

Food Service Fund - Accounts for all revenue and expenses pertaining to cafeteria operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (continued)

2. Fund Financial Statements (continued)

c. Fiduciary Fund Types

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These activities are not included in the District-wide financial statements because their resources do not belong to the District, and are not available to be used. The District reports the activity of the North East Education Foundation (a 501c3 organization) as a fiduciary activity.

C. Measurement Focus and Basis of Accounting

The district-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within the current period or soon enough thereafter to be used to pay liabilities of the current period, except for taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgeting Policies - Governmental Fund Types

1. General

The School District's policy relating to budgetary information as shown in the accompanying financial statements is for the School District administration to culminate a proposed budget for approval by the Board of Education prior to commencement of a new fiscal year. Appropriations established by adoption of the budget constitute a limitation on expenditures which may be incurred.

2. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of moneys are recorded in order to reserve applicable appropriations, is employed as a control in preventing over-expenditure of established appropriations. Open encumbrances are reported as a reservation of fund equity since such commitments will be honored through budget appropriations in the subsequent year. Encumbrances do not constitute expenditures or liabilities.

E. Local Taxes

Real property taxes are levied annually by the Board of Education and received by tax collectors by December 31. Uncollected real property taxes are subsequently enforced by the Erie County Tax Claim Bureau. An amount representing uncollected real property taxes transmitted to the County for re-levy is recorded as deferred inflows of resources in the governmental fund financial statements until collected by the County.

Per capita, earned income and realty transfer taxes are levied annually by the Board of Education. Uncollected taxes are subsequently enforced by the tax collectors.

F. Inventory

Inventories of food in the Food Service Fund are recorded at cost on a first-in, first-out basis or in the case of surplus food, at stated value which approximates market.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets

Capital assets are reported at actual cost and estimated historical costs, based on an appraisal conducted by independent third-party professionals. Donated assets are reported at estimated fair market value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the district-wide statements as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings	\$ 1,500	Straight-line	20-50 years
Land improvements	\$ 1,500	Straight-line	20 years
Furniture and equipment	\$ 1,500	Straight-line	5-10 years
Transportation vehicles	\$ 1,500	Straight-line	10 years

H. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has several items that qualify for reporting in this category. The first item is related to pensions reported in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportion share of total contributions to the pension system not included in pension expense. The second item is the District contributions to the pension system after the measurement date. The third item is related to OPEB reported in the district-wide Statement of Net Position. This represents actuarial differences that are deferred and amortized. The fourth item is the District contributions to the OPEB plans after the measurement date.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Deferred Outflows and Inflows of Resources (continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has several items that qualify for reporting in this category. The first arises only under a modified accrual basis of accounting and is reported as unavailable revenue – taxes and other state aid. The second item is related to pensions reported in the district-wide Statement of Net Position. This represents the effect of actuarial differences that are deferred and amortized. The third item relates to OPEB reporting in the district-wide Statement of Net Position and represents the actuarial differences that are deferred and amortized.

I. Long-Term Debt

1. Compensated Absences

The District provides compensated absences benefits for its employees based on various employment contracts. Teaching Professionals who retire with at least 15 years of service within the District can accrue up to 240 days at a rate of \$125 per day for a maximum of \$30,000. Also, Teaching Professionals who retire from the District with at least 10 years of service can receive a severance payment of \$100 per year of service up to a maximum of \$4,000. If payment is less than \$5,000, employees can elect to receive a lump sum payment, otherwise the funds are deposited into an HRA to be utilized for future health insurance premiums or to a tax-sheltered annuity (TSA) 403b employer contribution program. Administrative professionals who retire with at least 15 years of service within the District can accrue up to approximately 300 days at a rate of \$175 per day for a maximum of \$52,500. All other employee groups can accrue up to \$5,000 - \$10,000 based on contract provisions. In the district-wide statement of net position as of June 30, 2023, \$942,950 was accrued for compensated absences.

2. Vacation Pay

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. The District has no liability for unused vacation pay since all vacation leave is used or lost if not taken each year.

3. General Long-Term Indebtedness

Bonds and general obligation notes and leases are recognized when issued.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms investments are reported at fair value.

Plan description

The Public School Employees' Retirement System (PSERS) is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

Benefits provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service to attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Pensions (continued)

Benefits provided (continued)

members, the right to benefits is vested after ten years of service. Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined by the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits. Class T-G and T-H consists of both a defined benefit and defined contribution component. Participants in these classes are entitled to a guaranteed defined monthly benefit, if vested, and the vested account balance of contributions and investment earnings, if any. Participants in Class DC are only entitled to the vested account balance of contributions and investment earnings, if any. Class T-G and T-H (defined benefit portion) members generally must work until age 67 with a minimum of 3 years of service. Benefits are generally equal to 1% or 1.25%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member contributions:

Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.5% (Membership Class T-D) of the member's qualifying compensation.

District Plan

General Information

The District maintains a single-employer defined benefit healthcare plan (the District Plan). The District Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefit provisions are based on bargaining agreements as negotiated from time to time. The District Plan does not issue a publicly available financial report. Eligibility for the District Plan is established by the District and specified in the District's employment contracts. For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District Plan is determined on the basis of an actuarial valuation dated July 1, 2022.

Employees Covered by Benefit Terms

For the fiscal year ended June 30, 2023 the plan had total active employees of 239 and retirees of 12.

PSERS Plan - Health Insurance Premium Assistance Program

General Information

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The System provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate.

Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out of pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS'

L. Fund Equity

1. Governmental Funds

The Governmental Accounting Standards Board (GASB) has issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54). This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be reported within one of the fund balance categories listed below:

A. Nonspendable

Fund balance associated with assets that are inherently nonspendable in the current period because of their form or because they must be maintained intact, including inventories, prepaids, long-term loans and notes receivable, and property held for relate (unless the proceeds are restricted, committed, or assigned). The District had nonspendable fund balance related to inventories and prepaid expenses of \$688,842 at June 30, 2023.

B. Restricted

Fund balance amounts that can be spent only for specific purposes stipulated by constitutional, external resource providers including creditors, grantors, contributors, etc., or through enabling legislation. The District's restricted reserves are as follows:

1. Capital Projects Reserve

This reserve is used to accumulate funds to finance future costs to be used for the acquisition or construction or renovation of major capital facilities or equipment.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity (continued)

1. Governmental Funds (continued)

B. Restricted

2. Private Purpose Trusts

Funds used in this account for must be used for the specific purpose of the original contribution such as for scholarships and other donor designated purposes.

C. Committed

Fund balance amounts that can be used only for specific purposes determined by a formal action of the District's Board of Education, which is the District's highest level of decision-making authority. The District's committed reserves are as follows:

1. Board Committed Fund Balance

The District's Board of Education established a reserve for future compensated absences, insurance, other post-retirement benefits, Erie County Technical School renovations, and capital projects. Designation of unreserved fund equity in governmental funds indicates that utilization of these resources in the ensuing year's budget or tentative plans for future use.

D. Assigned

Fund balance intended to be used by the District for specific purposes but does not meet the criteria to be restricted or committed. Along with the District's Board of Education, the Business Administrator and Treasurer have been authorized to assign fund balance amounts for specific purposes through the establishment of an encumbrance.

1. Encumbrance Accounting

Encumbrance accounting, under which purchase orders, contracts, and other commitments of the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is used in the General Fund, Special Revenue Funds, and Capital Projects Fund. If resources have already been restricted or committed for encumbrances, the encumbered amounts will be included with restricted or committed resources. If resources have not already been restricted or committed, amounts encumbered are considered assigned for the purpose of the expected expenditure.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity (continued)

1. Governmental Funds (continued)

D. Assigned (continued)

2. Athletic Fund

The residual amount of athletic fund monies at year-end is reported as assigned fund balance.

3. Curriculum Development and Furniture and Equipment

The District has assigned fund balance for curriculum development and furniture and equipment purchases. Designation of unreserved fund equity in governmental funds indicates that utilization of these resources in the ensuing year's budget or tentative plans for future use.

4. Appropriated Fund Balance

General Fund – No amount has been appropriated to reduce taxes for the year ending June 30, 2024.

E. Unassigned

The residual classification of the general fund and includes all spendable amounts not contained in the other classifications.

2. Government-wide Financial Statements

A. Invested in Capital Assets, Net of Related Debt

This designation of net position is used to accumulate the capital asset balance in the statement of net position less accumulated depreciation and outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

B. Restricted

This category represents amounts that can be spent only for specific purposes stipulated by constitutional, external resource providers including creditors, grantors, contributors, etc., or through enabling legislation.

C. Unrestricted

This category represents net position of the District not restricted for any other purpose.

3. Order of Fund Balance Spending Policy

When more than one classification of fund balance of the District are eligible to be utilized for an expenditure of the District, the order in which the fund balance classifications will be utilized will be as follows:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Fund Equity (continued)

3. Order of Fund Balance Spending Policy (continued)

- a. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation;
- b. Committed fund balance for which action has been taken by the Board of Education, a designated school official, or by the voters of the District, specifically designating funds to the expenditure;
- c. Assigned fund balance created specifically for the expenditure (encumbered fund balance);
- d. Assigned fund balance within funds other than the General Fund of the District to which the expenditure relates;
- e. Unassigned fund balance.

M. Interfund Activity

The amounts reported on the Statement of Net Position for due to and from other funds represents amounts due between different fund types (governmental activities, business-type activities and fiduciary funds). Eliminations have been made for amounts due to and due from within the same fund type. A detailed description of the individual fund balances at year-end is provided subsequently in these notes.

During the course of operations, the *North East School District* has numerous transactions between funds, including expenditures and transfers of revenue to provide services and construct assets. Eliminations have been also made for amounts transferred to and from the same fund type.

N. Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenue and expenditures/expenses.

O. Cash and Cash Equivalents

For financial statement purposes, all highly liquid investments with original maturities of three months or less are considered as cash equivalents. This includes certificates of deposit, treasury notes and treasury bills.

P. Investments

Investments are carried at market value which approximates cost.

Q. Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 2 - EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS

A. Total Fund Equity of Governmental Funds vs. Net Position of Governmental Activities

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

Total fund equity of the District's governmental funds differs from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheet.

B. Statement of Revenues, Expenditures and Changes in Fund Equity vs. Statement of Activities

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Equity and the Statement of Activities fall into one of five broad categories, which are summarized below.

1. Long-term Revenue Differences

Long-term revenue differences arise because governmental funds report revenue only when they are considered "measurable" and "available", whereas the Statement of Activities reports revenue when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

2. Capital Related Differences

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental fund statements and depreciation expense on those items as recorded in the Statement of Activities.

**NOTE 2 - EXPLANATION OF CERTAIN DIFFERENCES
BETWEEN GOVERNMENTAL FUND STATEMENTS
AND DISTRICT-WIDE STATEMENTS (CONTINUED)**

3. Long-term Debt Transaction Differences

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

4. Pension Differences

Pension differences occur as a result of changes in the District's proportion of the collective net pension asset/liability and differences between the District's contributions and its proportionate share of the total contributions to the pension system.

5. OPEB Differences

OPEB differences occur as a result of changes in the District's total OPEB liability and differences between the District's contributions and OPEB expense.

NOTE 3 - CASH AND INVESTMENTS

A. Deposits

The School District invests excess funds with banks or trust companies authorized to do business in Pennsylvania. During the year ended June 30, 2023, the School District's deposits included interest bearing checking and savings accounts (including money market type investments, certificates of deposit and deposits to the Pennsylvania School District Liquid Asset Fund (PSDLAF)). All funds were held by commercial banks and/or trust companies.

The District's cash and investments are required to be secured (for funds in excess of the FDIC insurance limitation of \$250,000) by a pledge of governmental securities having a market value at least equal to the amount on deposit. The banks use the pooling method to pledge securities for all public funds that are on deposit. This method allows the depository to pledge securities in one lump sum that covers all public funds on deposit at the bank.

Custodial credit risk is the risk that in the event of a bank failure the District's deposits may not be returned to it. While the District does not have a specific policy with regards to custodial credit risk, State statutes govern the District's investment policies. At June 30, 2023, the District's bank deposits were fully collateralized.

Total financial institution balances including investments at June 30, 2023, per the bank, were approximately \$15,157,000 which was secured by FDIC insurance and as required by Act 72 of 1971.

5. Refunding of Long-Term Debt

In prior years, the District defeased certain serial bonds and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements.

On August 26, 2021, the District issued general obligation bond series 2021 of \$12,580,000 (par value) with interest rates ranging from 1%-4% to refund the 2015 and 2016 series bonds. The net proceeds of \$13,932,448 (including premiums of \$1,352,448) were issued to currently refund \$10,050,000 outstanding principal amount (\$5,135,000 from 2015 series and \$4,915,000 from 2016 series) plus accrued interest and bond issuance costs. The net difference between refunding proceeds and refunding payments will be utilized to finance ongoing capital improvement projects.

6. Debt Issuance costs, bond premiums and amortization

Debt issuance costs resulting from bond and other debt refinancing are expensed in the year they are incurred.

Bond premiums earned resulting from bond and other debt refinancing are being amortized over the life of the related debt using the interest method. These premiums are deferred and added to the outstanding principal balances for the bonds.

NOTE 6 - CONTINGENCIES AND COMMITMENTS

A. Federal and State Grants

The School District participates in both state and federal assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The School District is potentially liable for any expenditure which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

NOTE 6 - CONTINGENCIES AND COMMITMENTS (CONTINUED)

B. Litigation

The School District, in the normal course of its operations, is involved in various litigation and arbitration cases. Management is of the opinion that any unfavorable outcome resulting from these actions would not have a material effect on the School District's financial position.

C. Self-Insurance

The School District is a participant in a multiple employer cost-sharing trust established for the purpose of self-insuring hospitalization expenses. The trust makes monthly premium payments to its program administrator who pays claims submitted. Monthly premiums are based on claims paid experience provided by the administrator, plus a premium stabilization amount. On a yearly basis, the administrator reconciles claims paid against premiums received.

D. Risk Financing and Related Insurance

1. General Information

The *North East School District* is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; natural disasters, etc. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

During the prior year, the District submitted a claim under its commercial policy related to roof damage sustained as a result of a storm. The District recorded approximately \$768,000 of insurance proceeds recoverable related to the storm as of June 30, 2022.

2. Risk Sharing Pools

For its employee health and accident coverage, *North East School District* is a participant in a self insurance plan that is administered by the Northwestern Region Employee Benefit Trust. The School District pays monthly premiums to the Plan for this health coverage.

The Plan provides health coverage for its members and all claims are paid from the total premiums contributed by the District. At year-end the difference between the amounts paid in premiums compared to claims incurred is recorded as a prepaid expense or payable. As of June 30, 2023, the District recorded prepaid expense in the amount of approximately \$632,000 in the Statement of Financial Position and Balance Sheets.

Changes in Actuarial assumptions

The total pension liability as of June 30, 2022 was determined by rolling forward the System's total pension liability as of the June 30, 2021 actuarial valuation to June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 7.00%, includes inflation at 2.50%.
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.

NOTE 8 - RETIREMENT PLAN (CONTINUED)

Change in Actuarial assumptions (continued)

- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021 and as of June 30, 2022.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
 - Salary growth rate - decreased from 5.00% to 4.50%.
 - Real wage growth and merit or seniority increases (components for salary growth) – decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
- Mortality rates - Previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global public equity	28.0%	5.3%
Private equity	12.0%	8.0%
Fixed income	33.0%	2.3%
Commodities	9.0%	2.3%
Absolute return	6.0%	3.5%
Infrastructure/MLPs	9.0%	5.4%
Real estate	11.0%	4.6%
Cash	3.0%	0.5%
Leverage	(11.0)%	0.5%
	<u>100%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2022.

NOTE 8 – RETIREMENT PLAN (CONTINUED)

Discount rate

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability, calculated using the discount rate of 7.0%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.0%) or 1-percentage point higher (8.0%) than the current rate:

	1% Decrease 6.0%	Current Discount Rate 7.0%	1% Increase 8.0%
District's proportionate share of the net pension liability	\$46,348,000	\$ 35,834,000	\$26,969,000

The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined June 30, 2021. Actuarial Assumptions

The Total OPEB Liability as of June 30, 2022, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2021 to June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 4.09% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 4.5%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

Participation rate:

- Eligible retirees will elect to participate Pre age 65 at 50%
- Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2020.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2021 determined the employer contribution rate for fiscal year 2022.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% utilization assumption for eligible retirees.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Mortality Improvement Scale.

PSERS Plan - Health Insurance Premium Assistance Program (continued)

Actuarial Assumptions (continued)

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

OPEB - Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	100%	0.5%
	100%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2022.

Discount rate

The discount rate used to measure the Total OPEB Liability was 4.09%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 4.09% which represents the S&P 20 year Municipal Bond Rate at June 30, 2022, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2022, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2022, 93,293 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2022, 582 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

NOTE 10 - RECEIVABLES

A. Taxes Receivable

In the governmental fund financial statements, taxes receivable amounted to \$1,034,649 at June 30, 2023 and consist of the estimated delinquent real property taxes, real estate transfer taxes, and earned income collected in the first two months of the 2024 fiscal year. The taxes are ultimately collectible either by payment from the property owner or from the proceeds of a public sale of the levied property. The District recorded an \$18,000 reserve for potential uncollectible delinquent real estate taxes on the district-wide financial statements.

B. Intergovernmental Receivable

Included in the intergovernmental receivable balance of \$2,035,215 in the General Fund and \$1,394 in the Food Service Fund as of June 30, 2023 are amounts due from grant receivables from the Federal and State governments, the Commonwealth of Pennsylvania Department of Education for reimbursement of social security, retirement, other subsidies, tuition receivable from various local school districts, and amounts due from the Northwest Tri-County Intermediate Unit 5.

NOTE 11 - COMPENSATED ABSENCES

The District does not accrue a liability in the governmental funds for accumulating, non-vesting sick leave, since payment is based on an uncontrollable future event (sickness). In accordance with the provisions of Governmental Accounting Standards Board Statement No. 16, the value of accumulating, non-vesting sick leave is considered a contingent liability.

In the district-wide statements, as of June 30, 2023, approximately \$943,000 was accrued for accumulating, vesting sick leave and longevity payments.

NOTE 12 – DEFERRED INFLOWS OF RESOURCES

Deferred inflows of resources are reported on the District's combined balance sheet. Deferred inflows of resources revenue arises when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred inflows of resources also arises when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the District has legal claim to the resources, the liability for deferred inflows of resources is removed and revenue is recognized. Deferred inflows of resources in the General Fund amounted to \$671,383 as of June 30, 2023 which pertains to taxes receivable at the end of the fiscal year less amounts collected within sixty days subsequent to the year-end.

NOTE 13 - CAPITAL PROJECT FUND

During the year ended June 30, 2023, the District incurred approximately \$3,357,000 of capital project fund expenditures related to technology, vehicle purchases and other building improvements.

During the current year, the District transferred \$3,333,700 from the general fund to the capital project fund to be used towards the District's capital project fund expenditures.

NOTE 14 - RELATED PARTY

The School District is one of various school districts of the Erie County Technical School. Erie County Technical School is controlled and governed by a Board which is composed of school board members of the member school districts. Direct oversight of Erie County Technical School's operation is the responsibility of the Board. The School District's share of annual operating and capital costs for Erie County Technical School fluctuates based on a percentage enrollment in the school. The District paid approximately \$952,416 in tuition (\$430,395), and building renovations (\$522,021) for the year ended June 30, 2023, which is an expense recorded in the general fund.

Also, the Northwest Tri-County Intermediate Unit 5 provides several services to the School District. These services include special education, a local area network, and other miscellaneous services.

NOTE 15 – TAX ABATEMENTS

The District has a Local Economic Revitalization Tax Assistance (LERTA) program with three taxpayers. The program calls for exemptions on property improvements located in deteriorated areas for a period not to exceed five years. The tax abated will be on a sliding scale beginning with 100% abated in year one and decreasing annually by 20% until year five. The terms of the three agreements extend through 2022-2023. Tax abated under the program during the fiscal year ended June 30, 2023 totaled approximately \$21,000.

Effective July 1, 2022, the District implemented the provisions of GASB Statement No. 96, Subscription Based Information Technology Arrangements which establishes that a subscription based information technology arrangements results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability. This new standard did not have a material impact on the District.

Effective July 1, 2021, the District implemented the provisions of GASB Statement No. 87, Leases which establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset, thereby, eliminating the distinction between operating and capital leases. As a result substantially all leases are reported on the district-wide statement of net position. This new standard did not have a material impact on the District.

NOTE 18 – COVID 19 PANDEMIC

In March 2020, the World Health Organization declared the novel strain of COVID-19 (coronavirus) a global pandemic and has become increasingly widespread in the United States. The coronavirus outbreak has had a significant impact on financial markets and general economic conditions. The District also provided free breakfast and lunches to all students (except those who opted out) through the Seamless Summer Option.

Also, in March 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed which provides funding and emergency assistance to Organizations including public school districts. The Pennsylvania Department of Education has allocated approximately \$424,000 of CARES Act (ESSER1 and GEER) assistance to the District which is for the funding period of March 13, 2020 through September 30, 2021. The District spent the entire allocation during the year ended June 30, 2021. Also, the Pennsylvania Commission on Crime and Delinquency allocated approximately \$184,000 of CARES Act assistance to the District which is for the funding period of March 1, 2020 through October 30, 2020. The District spent the entire allocation during the year ended June 30, 2021.

The District was also allocated an additional \$1,473,000 from the Coronavirus Response and Relief Supplemental Appropriations (CRRSA – ESSER2). As of June 30, 2022, the District has expended the entire portion of its allocation.

The District was also allocated \$3,222,000 from the American Rescue Plan Act. As of June 30, 2023, the District has expended approximately \$3,158,000 of its allocation.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH "GOVERNMENT AUDITING STANDARDS"**

**To the President and
Members of the Board of Education
North East School District
North East, Pennsylvania**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of *North East School District* as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise *North East School District's* basic financial statements, and have issued our report thereon dated December 21, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered *North East School District's* internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of *North East School District's* internal control. Accordingly, we do not express an opinion on the effectiveness of *North East School District's* internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether *North East School District's* financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the President and
Members of the Board of Education
North East School District
North East, Pennsylvania**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Program

We have audited *North East School District's* compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. *North East School District's* major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, *North East School District* complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of *North East School District* and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of *North East School District's* compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to *North East School District's* federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on *North East School District's* compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about *North East School District* with the requirements of each major federal program as a whole.

Auditor's Responsibilities for the Audit of Compliance (continued)

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding ***North East School District's*** compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of ***North East School District's*** internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of ***North East School District's*** internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that may be material weakness or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**To the President and Members of
The Board of Education
North East School District
North East, Pennsylvania**

To the Board Members and Administration:

We have completed our audit of the District's financial statements for the fiscal year ended June 30, 2023 and have issued our reports thereon dated December 21, 2023. Our audit report expressed an unmodified opinion which states that the District's financial statements are in accordance with generally accepted accounting principles in the United States of America for governments and school districts located in the Commonwealth of Pennsylvania. In addition, we have issued a separate report on internal controls over financial reporting and compliance with laws and regulations as required by *Government Auditing Standards*.

In planning and performing our audit of the financial statements of the *North East School District* for the year ended June 30, 2023, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure and its operation.

Attached to this letter is a summary of additional comments which we desire to bring to the Board and Administration's attention involving various matters. Although such matters were not of sufficient nature to be disclosed in the previously mentioned reports, we do feel the comments should be reviewed and acted upon primarily by the business staff. In addition, on page 61, is a summary of revenue and expense comparisons and analysis of fund equity for the school years ended June 30, 2019 through June 30, 2023.

Segregation of Duties

District's that have a small/limited amount of staffing in its Business Office are exposed to greater risk of fraud or errors due to potential segregation/overlapping of duties. To guard against this, *North East School District* has implemented a system of checks and balances, that attempt to mitigate these risks. However, the District should continue to review its internal control processing to ensure proper segregation of duties is maintained.

Future Governmental Accounting Standards – GASB 101

Governmental Accounting Standards Board has issued Statement No. 101, Compensated Absences which will be effective for the fiscal year ending June 30, 2025. The standard provides guidance on how the District will account for and disclose obligations related to compensated absences, including vacation leave, sick leave, and other similar benefits. We recommend that the District begin to familiarize themselves with the new compensated absences standard, which may include continuing education, webinars and further training.

District response: The District will participate in trainings or webinars on the topics when they become available.

Mr. Jeffrey Fox,

The following discusses the Transportation Department's Request, after evaluating the bid meeting results for the 66-Passenger Wheelchair Bus, as well as the 72-Passenger bus:

66 Passenger Bus

The bid we received from Myers Equipment for a 66-passenger school bus with a wheelchair lift met all of the provided specifications. It is my recommendation that we proceed forward with the purchase of this vehicle (totaling \$148,284.00) with accepting the alternate specified for tinted windows (totaling \$220.00). At this time, we do not plan to proceed with the alternate for the air conditioning unit provided for this vehicle.

72 Passenger Bus

The bid we received from Myers Equipment for the 72-passenger vehicle met all of the provided specifications; however, this was an additional bid pursued under the assumption that we would remove another asset from our fleet. At this time, that asset is currently in our possession and there is no need for the 72-passenger vehicle.

Trade-In Vehicles

It has determined that we will not accept the trade in offer associated with the 66-passenger vehicle totaling \$3,000.00 for our 2015 72-Passenger International CE.

Sincerely,

Randy Fedei Jr, Transportation Supervisor

Outstanding work, 5th grade team!

MINUTES OF THE REGULAR MEETING OF THE BOARD OF SCHOOL DIRECTORS
THURSDAY, DECEMBER 21, 2023**

REPORTS & PRESENTATIONS:

- Mr. James Alexander of the auditing firm Buffamante Whipple Buttafaro, P.C. virtually presented findings from the independent audit of the North East School District for the school year ended June 30, 2023. The district's financial statements were found to be in accordance with accounting principles generally accepted in the United States of America. This was a clean audit with no matters involving the internal control over financial reporting and its operation that were considered to be material weaknesses, and no instances of noncompliance. North East School District complied in all material respects with the requirements applicable to each of its major federal programs for the year ended June 30, 2023, with no matters involving the internal control over compliance.
- Business Manager Mr. Jeffrey Fox followed the auditor's report with his annual year-end summary of actual to budget comparison, providing a brief explanation of major variances in revenues and expenses for the 2022-2023 school year. Significant increases over budget included the district's share in the renovation project at the technical school, and increases in utility costs. Significant costs under budget included salaries with corresponding PSERS contributions. Mr. Fox shared that the state has recently passed legislation to finish their budget which should free up some funds that were included in the state budget but were never distributed. The district should receive more guidance sometime in February regarding grant funds which will be available; more information to come. At the conclusion of his report, Mr. Mobilia thanked Mr. Fox, Dr. Hartzell and their team for their good work keeping the district financially stable.

BOARD REPORTS

- North East Recreation Commission – Mr. Wargo shared that although there has not been a meeting, there are some proposed agreements under review by the township and the borough. He is hopeful that he will have good news to report at the next meeting regarding the future of the Rec Commission.
- Northwest Tri-County Intermediate Unit – Dr. Blystone reported that the IU board had met last evening and received an unmodified/clean single audit report as well. The board approved some resignations and new hires, and approved updates to several job descriptions. In particular, job descriptions pertaining to individuals who work with migrant children were amended to state that the employee must hold a current driver's license issued by their home state, not necessarily by Pennsylvania. One position was terminated and several were upgraded from part time to full time. Normal MOU's and other agreements were approved. In legislative news, House Bill 507 has passed, providing districts with the choice to complete a student requirement of either 180 days or 990 hours. This will assist districts who are considering moving to a schedule of four days per week to help address staffing and transportation challenges.
- Erie County Technical School – Mr. Boyd reported that the ECTS board met on Tuesday of this week. Clean audit reports were received at the tech school for 2022-23. The board approved some new hires, leaving only two positions vacant at this time. A lengthy discussion took place regarding the possibility of opening a second cosmetology lab. ECTS Director Matt LaVerde shared some ideas which would better utilize available space and also cut down on the expense of a second lab, to be added at the end of the larger renovation project using contingency funds. The large renovation project should finally be completed by the end of January.
- School Health Council – Mrs. Phillips had nothing report at this time. She is looking forward to meeting in January.
- Mr. Mobilia shared that several board members enjoyed tours in the schools this past week. He thanked the principals for their time accompanying them through the buildings.

At the request of Mr. Mobilia, Mr. Fox provided an explanation regarding the developer's agreement recommended below for approval. Storm water management is a major component of the stadium field project, which must be reviewed by every municipal entity involved. Each time the agreement is reviewed by each entity, there is an accompanying plan fee and an engineering firm fee. This agreement basically states that the district will pay the engineering fees in order to be awarded the permit to proceed with the project.

**NORTH EAST SCHOOL DISTRICT
BOARD OF DIRECTORS**

RESOLUTION

WHEREAS, on June 27, 2006, the Pennsylvania legislature passed Act 1 of Special Session 2006, entitled the “Taxpayer Relief Act” (hereinafter “Act 1”);

WHEREAS, Act 1 restricts the local taxing power of all school districts located in the Commonwealth of Pennsylvania by imposing a back-end referendum requirement;

WHEREAS, this back-end referendum requirement is triggered if the local tax rate increase proposed by any board of school directors for the following fiscal year exceeds the “index” percentage established by the Pennsylvania Department of Education;

WHEREAS, in order to accommodate the deadlines necessitated by placing back-end referendum questions on the ballot, Act 1 requires the adoption of school district preliminary budgets no later than ninety (90) days prior to the date of the election immediately preceding the fiscal year in which the preliminary budget will take effect;

WHEREAS, Act 1 does, however, allow a board of school directors to elect to adopt a resolution indicating that it will not raise the rate of any tax for the support of the public schools for the following fiscal year by more than the index, provided this resolution must be adopted no later than 110 days prior to the date of the election immediately preceding the upcoming fiscal year;

WHEREAS, the North East School District Board of Directors has undergone a financial analysis and made the policy decision that it shall not raise the rate of any tax for the support of the North East School District for the 2024-2025 fiscal year by more than the “index.”

AND NOW, on this 21st day of December, 2023, it is hereby *RESOLVED* by the North East School District (hereinafter “District”) Board of Directors (hereinafter “Board”) the following:

1. The Board will not increase any school district tax for the 2024-2025 school year at a rate that exceeds the index as calculated by the Pennsylvania Department of Education.
2. The Board will comply with the procedures set forth in Section 687, 24 P.S. §6-687, of the Pennsylvania Public School Code (hereinafter “School Code”), for the adoption of its proposed and final budget.
3. The Board certifies that increasing any tax at a rate less than or equal to the index of 7.6% will be sufficient to balance its final budget for the 2024-2025 fiscal year.
4. The Administration of the District is directed to comply with the procedures of Section 687, 24 P.S. §6-687, of the School Code for the adoption of the District’s proposed and final budgets. The Administration, once this Resolution is passed, is not required to comply with the accelerated budget requirements set forth in paragraphs (a) and (c) of Section 311 of Act 1.

5. The Administration of the District is directed to submit the District's information of its proposed increase in the rate of a tax levied for the support of the District to the Pennsylvania Department of Education on the uniform form proposed by the Pennsylvania Department of Education no later than five days after the Board's adoption of this Resolution.
6. The Administration is directed to send a copy of this Resolution to the Pennsylvania Department of Education no later than five days after the Board's adoption of this Resolution.
7. The Board understands and agrees that by passing this Resolution it is waiving its right to seek exceptions to the back-end referendum requirements as set forth under Section 333(f) and Section 333(e) of Act 1 and is also waiving its right to request approval from the voters through a back-end referendum to approve an increase to the tax rate that is greater than the index as established for the 2024-2025 fiscal year.
8. The Board understands and agrees that, upon receipt of the information submitted by the District as set forth in paragraphs 5 and 6 above, the Pennsylvania Department of Education shall compare the District's proposed percentage increase in the rate of the tax with the index. Within ten days of the receipt of this information, the Pennsylvania Department of Education shall inform the District whether its proposed tax rate increase is less than or equal to the index. If the Pennsylvania Department of Education determines that the District's proposed increase in the rate of the District's tax exceeds the index, the District is subject to the accelerated preliminary budget requirements as set forth in paragraphs (a) and (c) of Section 311 of Act 1.

I HEREBY CERTIFY that the foregoing is a true and correct copy of a Resolution duly adopted by the affirmative vote of a majority of the members of the Board of School Directors of North East School District, Erie County, Pennsylvania, at a meeting held on January 19, 2023; that proper notice of such meeting was duly given as required by law; and that said Resolution has been duly recorded upon the Minutes of said Board of School Directors, showing how each member voted thereon.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said School District this ____st day of _____, 2023.

REPORTS & PRESENTATIONS:

- Dr. William Renne, Principal of North East High School, presented curriculum mapping information for a proposed Probability and Statistics course (part B) recommended to be available to North East High School students beginning with the 2023-2024 school year. This new half credit course is intended to provide more math curriculum opportunities for honors and college prep students, to possibly be expanded to a full credit course in the future. Brief discussion followed Dr. Renne's report, with two board members expressing support for the addition of this course.

BOARD REPORTS

- North East Recreation Commission – Mr. Wargo reported that the NERC board had met on November 9th in response to decisions by both the Borough and the Township to end their current agreement with the Rec Commission. There is great concern that all programs for students which fall under the jurisdiction of this agreement will cease to exist after January 1st in the absence of a new agreement. Fall soccer is happening right now. Rec Commission president Nate Walters will be reaching out to the Borough and the Township in an effort to put together a new agreement.
- Northwest Tri-County Intermediate Unit – Dr. Blystone reported approval of several resignations and new hires at the IU Board meeting of October 25th, as well as a number of leases and service purchase contracts. The number of Early Intervention students served by the IU rose to 544 from 300 reported at this same time last year. It was shared that Pennsylvania school districts are short approximately 3,500 bus drivers at the present time, so we are not the only district experiencing challenges in this area. The IU board does not meet in November; their next meeting is scheduled for December 20th.
- Erie County Technical School – No Report
- School Health Council – Mrs. Abata reported that the Health Council met on November 1st and was attended by all school nurses, the district food service director, school board representative, and also Sara Wick, PC, from North East Family Practice. Ms. Wick requested to be included on the committee and has offered to provide programs for middle and high school students on health related topic, pending approval from district administration. Mrs. Abata thanked the Board for the opportunity to serve on this committee for the past four years.

Curriculum
Item #1**

In a motion by Mr. Ferruggia and second by Mr. Boyd to approve the proposed Part B Probability and Statistics elective for North East High School as presented this evening, the Board, in a roll call vote, voted as follows: “Ayes” – Mrs. Abata, Mr. Behnken, Dr. Blystone, Mr. Boyd, Mr. Ferruggia, Mr. Mobilia, Mr. Riedel, Mr. Sucha and Mr. Wargo. “Nays” – 0. Motion carried. (Copy filed herein page/ref# 6340-A)

Mr. Fox spoke at this time regarding the recommended transfer of funds from the Gettysburg Activity Fund to the Senior Class Fund listed as Item #4 below, explaining that student activity funds are housed in both the middle and the high school. The current senior class was impacted with cancellation of this annual 8th grade trip due to the Covid shutdown in March of 2020. The amount of this transfer was deemed to be equitable and will not jeopardize the current 8th grade class. Senior class students proposed this solution and elected to equally distribute the amount of the transferred funds to all current seniors regardless of whether they were district students and helped to raise the funds when they were 8th graders.

4. The Board approved a one-time non-precedent-setting transfer of funds from the Gettysburg Activity Fund to the Senior Class Fund for the graduating class of 2024 in the amount of \$10,500.

A first reading was acknowledged for proposed revisions to Board Policy 903 – Public Participation in Board Meetings. Attorney Sennett explained that the existing policy does not reflect procedures currently being followed. Many concerns raised by the public would be better resolved by following the proper channels as outlined in Policy 906. The purpose of the proposed form to be attached to Policy 903 is to assist administration to best respond to public concerns. Policy revisions would not prevent members of the public from still speaking at the meeting if they wish to do so. This policy is in place to help enable the board to publicly meet with structure and positivity.

**FIRST

Board discussion took place following Mr. Sennett’s comments, with some board members expressing concern regarding time limits imposed by the proposed policy revisions. Discussions will continue during the process of additional readings.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF SCHOOL DIRECTORS
THURSDAY, NOVEMBER 16, 2023**

- Ms. Carolyn Brown disagreed with wording in proposed Policy 903 prohibiting slanderous comments in public session.
- Ms. Erin Beckes-Reese stated that board members should be required to follow their own policies if they want to have a positive meeting. She is still waiting for a response regarding an incident from some time ago. She stated that facts cannot be considered slander. Relative to an earlier comment where Dr. Blystone thanked Dr. Renne for answering her questions about the new proposed elective at the high school, she asked Dr. Blystone if there was an executive session which wasn't announced. Dr. Blystone stated that there was no executive session; this was just a meeting between herself and Dr. Renne at his office.

Dr. Hartzell thanked outgoing board members at this time for their service to the school district and the North East community during some particularly challenging times. District certificates were presented to all outgoing board members and PSBA Honor Roll certificates were also presented to those reaching the mark of 8 years of service.

<u>Outgoing Board Members</u>	<u>Years of Service</u>
Mrs. Sally Abata	4
Mr. Paul Behnken	8
Mr. Eric Riedel	8
Mr. George Sucha	16

Mr. Behnken expressed gratitude to the community for the opportunity and privilege of serving on the school board, saying that comments and constructive criticism from community members is welcome and very valuable. Previous to his tenure on the board he had been unaware of the tremendous dedication required to operate the school district, providing protection, nurturing, encouragement and support to students throughout the year. The positive impact to students will yield dividends for years to come.

Mr. Mobilia announced that the Board would meet in an Executive Session following this evening's meeting concerning areas permissible under Act 84 which include confidentiality issues protected by law, specifically personnel.

ADJOURNMENT: By acclamation the regular meeting was adjourned at 8:22 PM.

Jeffrey A. Fox, Board Secretary

Probability and Statistics Honors - Part B
High School

INTRODUCTION

COURSE DESCRIPTION: Probability and Statistics Honors - Part B is designed for the college-bound student who has demonstrated success in Algebra II and Probability and Statistics Honors - Part A. This course explores a large range of topics with emphasis on “real world” applications such as sports, health, education, entertainment, history, and others. Concepts in statistics will be applied to hypothetical scenarios similar to those found in newspapers, magazines, and news programs.

COURSE PREREQUISITE(S): Prospective students must earn a final average grade of an 85% (B) or better in Probability and Statistics Honors - Part A or receive written teacher recommendation.

Administrators Mr. Garland and Mrs. Hodges were present online. There were approximately 13 visitors present in person and 4 members of the public logged in for remote participation.

The pledge of allegiance was recited.

PUBLIC PARTICIPATION – AGENDA ITEMS ONLY

- Mrs. Jennifer Kilgas requested more information regarding the Social Media litigation listed as Item G.2 on this evening's agenda. Details regarding this action item will be provided prior to the vote.
- Ms. Erin Beckes alleged that Attorney Sennett's comments were false as recorded in the draft minutes from the meeting of October 5th regarding a lawsuit in a neighboring district. She also wanted to know the reason for the recommendation to join in the multi-district Social Medial litigation.
- Ms. Carolyn Brown questioned Item G.2 as well and asked what the district would do with the proceeds if the litigation is successful.

SUPERINTENDENT'S REPORT

- Dr. Hartzell shared that high school Medal of Honor students recently visited the Flight 93 National Memorial in Shanksville, PA. The memorial is dedicated to the heroism of the passengers who lost their lives during 911. The park includes Memorial Plaza, a Wall of Names, 40 memorial groves, and a Tower of Voices which is 93 feet tall and includes 40 wind chimes.
- Students at North East Middle School put their math skills to the test during Friday math brain breaks, using Uno cards to practice math facts.
- Several high school student athletes participated in a Leadership/Sportsmanship seminar at the Hagarty Family Events Center. The keynote speaker was Craig Hillier, a former professional hockey player that provided young student leaders with advice on how to be successful on and off the field.
- Seventh grade students participated in the Manufacturing Business Association Day this past week. Students had the opportunity to attend several breakout sessions and visited with many local businesses to learn about career opportunities available to them in the future. We are very proud to report that our students were complimented on their behavior.
- Title I teachers and Davis secretarial staff hosted the annual Title I dinner on October 12th. Dr. Ritter provided an overview of the benefits of Title I programming for district students. Students received books and families enjoyed a nice dinner and participated in several small group activities. Specials teachers and National Honor Society students also volunteered to assist with the meal and activities. Thank you to everyone who helped to make this a successful event.
- Please save the date for the upcoming play "Clue" at North East High School. Performances will take place on Friday and Saturday, November 3rd and 4th at 7:00 p.m., and Sunday, November 5th at 2:00 p.m.

ADDENDUM A: BACKGROUND INFORMATION TO INFORM PLAN

Strengths

Economically Disadvantaged and Students with Disability subgroups are above the all student group for growth.

Data reflects growth across both content areas for Algebra I and Biology Keystone Assessments.

K-2 Primary Elementary: Focus on Structured Literacy and the Science of Reading

3-5 Intermediate Elementary: Student Growth continues to remain a strength, across the 3-5 grade band. Performance results have historically demonstrated student success in both literature as well as informational text concepts. More than 25% of all students perform at the Advanced level as evidenced in the Future Ready PA Index reporting.

6-8 Middle School: All Student Group growth score of 82.0 Exceeds the statewide growth standard of 70.0

9-12 High School: Historically, our district scores between 80 and 85 percent proficiency on the Keystone Literature exam. Although the high school experienced a dip due to pandemic learning, our overall achievement scores are still pretty comparable and are trending in the right direction.

Challenges

Grades 3 through 8 math are currently behind the statewide 2033 achievement targets.

Keystone Biology proficiency for the economically disadvantaged subgroup is below the proficiency levels for the all student group.

3-5 Intermediate Elementary: Text Dependent Analysis remains at the forefront of our instructional team focus. Instructors collectively pursue professional learning opportunities in order to best prepare students for success in this area.

6-8 Middle School: Economically Disadvantaged subgroup below Goal/Improvement Target Student with Disabilities subgroup below Goal/Improvement Target

9-12 High School: Our academic growth score of 69 is below the statewide average of 76. This is an area we need to improve upon at North East High School.

3-5 Intermediate Elementary: Both summative achievement and student growth have decreased during the two years of pandemic learning. While realizing a moderate increase over the past two years, targeted focus continues in the pursuit of increased mathematics development.

Strengths

3-5 Intermediate Elementary: Building-wide comprehensive total and individual grade level achievement scores all reflect results that are significantly above respective statewide averages.

6-8 Middle School: All Student Group growth score of 93.0 Exceeds the statewide growth standard of 70.0

9-12 High School: Historically, our achievement scores for first time test takers are between 65 and 70 percent. The 21/22 Keystone data reflects that we are on par with that benchmark. Additionally, 69.0% proficient or advanced is nearly double the 35.7% state average. Moreover, our growth score is 78 which is above the statewide average of 76.2.

3-5 Intermediate Elementary: The achievement and growth of our students in the content area of Science remain highly successful. Performance data demonstrates a strong understanding of concepts across all four reporting categories.

6-8 Middle School: All Student Group achievement of 61.9% was above the statewide average of 54.4%

9-12 High School: The academic growth score exceeds the statewide growth standard.

With an increasing percentage of students across the district being identified with special needs, the collaboration amongst

Challenges

6-8 Middle School: All Student Group did not meet the Growth/Improvement Target. Economically Disadvantaged subgroup below Goal/Improvement Target. All Student Group growth score of 54.0 in Science did not meet the statewide growth standard of 70.0.

9-12 High School: All Student Group has significant ground to make in order to meet the 2033 goal of 83%.

6-8 Middle School: All Student Group below Goal/Improvement Target. Economically Disadvantaged subgroup below Goal/Improvement Target.

3-5 Intermediate Elementary: The transition to the Next Generation Science standards will drive future planning and decision making. The science instructional team is already heavily immersed in this current initiative.

9-12 High School: Our overall achievement scores are down; however, this only reflects our first time test takers.

Consistency of staff in our learning support and low incidence classrooms will be pivotal in the continued success of our special education program.

A decrease in certified teachers across the state. It has been difficult to find certified foreign language, chemistry, and art

Strengths

Instructional staff and administrators will remain at the forefront of future professional development with respect to researched best practices.

As the population of economically disadvantaged students continues to increase throughout the school district, a commitment to closing achievement gaps and demonstrating student growth will be a primary objective across our schools.

Achievement and growth data will both continue to be analyzed and considered as multiple measures of student performance in determining levels of success with the NESD academic curriculum and programming.

We have great community partnerships and programs to ensure our students' basic human needs are met. Continue to partner and expand these programs.

We have developed guidelines for our interview process to ensure we are hiring highly qualified teachers.

Our professional learning is aligned to district goals, student, and staff needs.

With the evolution of educational technology at an all-time high, the school district will continue to provide appropriate hardware for students and ongoing professional development for instructional staff to utilize in the facilitation of learning for all

Challenges

instructors. We are also in competition with other local districts for math and ELA positions.

Professional learning has been a challenge due to the significant number of mandates that are required by the state, which reduce the amount of time we have to focus on curriculum, technology, differentiated instruction, and district goals. We are working to become more deliberate in building schedules to allow for common planning and data teams.

As our surrounding community continues to change, every effort will be made to meet the needs of all learners via differentiated instructional strategies.

The ever-changing demographics in our community present opportunities to continue the work in preparing students for college and career readiness.

The considerable increase in state mandates has impacted the amount of time the district is able to spend on educational topics and initiatives during professional learning days.

Challenge of meeting the level of needs for our students in the special education program.

State funding for safety and mental health programs.

The cost of additional special education teachers to meet the

Strengths

students.

Career awareness and exploration programming will be cultivated and refined to best meet the needs of students across our K-12 continuum.

Our School Counseling Team has worked diligently and collaboratively to continue to develop a comprehensive Chapter 339 Plan which will fully integrate career awareness and exploration learning experiences across the K-12 grade span.

The North East School District maintains dual credit partnerships with two local institutions of higher learning in an effort to provide increased learning opportunities for our high school students.

Continue to support our staff needs for supporting the mental health crisis.

The North East School District continues the collaborative work in developing a district wide curriculum wrapped around the regional Profile of a Graduate initiative.

Challenges

needs of our students.

Most Notable Observations/Patterns

As the district continues to rebound from the impacts brought about due to the challenges and constraints of pandemic learning, the focus will remain on nurturing and empowering instructional and support staff district-wide to provide the very best opportunities and experiences for students K-12. Organizational culture, professional development, data-driven decision making, and curriculum planning will be critical components of district operations moving forward. Vision 2028 goals will drive administrative collaboration in the coming years.

INDUCTION PLAN (CHAPTER 49)

Chapter 4 establishes that each school entity shall submit to the Department for approval an induction plan every 6 years as required under Chapter 49, Section 16(a). A school entity shall make its induction plan available for public inspection and comment for a minimum of 28 days prior to approval of the plan by the school entity's governing board and submission of the plan to the Department.

Chapter 49.16, Approval of Induction Plans, establishes the following requirements of LEA Induction Plans:

- Each school entity shall submit to the Department for approval a plan for the induction experience for first-year teachers (including teachers in prekindergarten programs, when offered), long-term substitutes who are hired for a position for 45 days or more and educational specialists.
- The induction plan shall be prepared by teacher or educational specialist representatives, or both, chosen by teachers and educational specialists and administrative representatives chosen by the administrative personnel of the school entity. Newly employed professional personnel with prior school teaching experience may be required by the school entity to participate in an induction program.

During this opening training, the program is laid out with full descriptions of target objectives and action steps included for the upcoming school year. The design and structure of the program are reviewed, along with responsibilities for both Inductees and Mentors to consider. Mentoring, Peer Observation and Classroom Visitation, Staff Development, Professional Reading and Research, Documentation, and Reflective Activities are all included components of the Induction Program. Each of these listed activities constitute the foundational content to be facilitated throughout an Inductee's first year in the school district. EVALUATION AND MONITORING

Describe the procedures employed to monitor and evaluate the Educator Induction Program. As part of this process LEAs should systematically collect data on the educator induction program design, implementation, and outcomes. This data may include:

- a. Survey of participants – new teachers, mentors, principals, and other members of the Educator Induction Program to determine levels of satisfaction and to understand the strengths and weakness of the program
- b. Analysis of activities and resources used in the program
- c. Aligned program evaluation instruments that provide quantitative and qualitative data (e.g., survey/questionnaires, individual and group interviews, and observation tools) to determine the impact of participating teachers and their students

EVALUATION AND MONITORING

The NESD Induction program includes feedback from participants in the program including any new teachers, counselors or school nurses, as well as mentors and administrators who assisted with or led any part of the program. Monitoring techniques include pre and post interviews and surveys, student surveys and mentor and inductee reflections. Results provide information and insight into challenges and obstacles to implementation and revisions. It is a very thorough and detailed process that is led by our assistant to the superintendent and his team. We believe that it provides the support needed for new staff members to grow and sustain success in their first year and creates a foundation for success for years to come.

DOCUMENTATION OF PARTICIPATION AND COMPLETION

Identify the methods used to record inductee participation and program completion.

Participation	Completion
Mentor documents his/her inductee's involvement in the program.	Yes
A designated administrator receives, evaluates, and archives all mentor records.	Yes
School/LEA maintains accurate records of program completion and provide a certificate or statement of completion to each inductee who has completed the program.	Yes
Completion is verified by the LEA Chief Administrator on the Application for Level 2 Certification.	Yes
Confirm that all first-year teachers are required to participate in the induction program.	Yes

IF "NO" IS SELECTED, PLEASE EXPLAIN WHAT INDIVIDUALS WERE NOT INCLUDED IN THE INDUCTION PROGRAM AND WHY.

EDUCATOR INDUCTION PLAN STATEMENT OF ASSURANCE

We affirm that this Educator Induction Plan has been developed in accordance with the laws, regulations and guidelines for the development, implementation and evaluation of the Induction Plan as designated in Chapter 4 of the Pennsylvania Department of Education School Code.

We affirm that this Educator Induction Plan focuses on the learning needs of each professional staff member to ensure high quality instruction for all students.

EVALUATION AND REVIEW

DESCRIBE IN THE BOX BELOW THE PROCEDURES FOR EVALUATING AND REVIEWING THE PROFESSIONAL EDUCATION PLAN.

District staff participates in a building-wide needs assessment organized by the administrative staff with assistance, if needed, through Intermediate Unit 5. This survey provides faculty perceptions and accompanying insight regarding their professional needs. The survey data is used by the district as a resource for informed decision making with respect to the planning and facilitation of professional learning. Staff are then invited to attend district and/or IU5 professional learning offerings specifically tailored to meet their needs. Likewise, in-service training in the district is focused on these identified staff needs. If a need exists for training within the district related to district goals and or State requirements, it will be provided. More recently, additional professional learning days have been added to the district calendar in an effort aimed at providing relevant and robust opportunities for continued professional growth. The District provides professional learning on site for teachers during each school year on topics based upon district and school goals, as well as identified needs within each school building. Structured Literacy, Safety/Security, Curriculum Mapping, Assessment Tools including CDT's, STEELS Standards, STEAM Integration, Mental Health, Co-Teaching Best Practices, Standards-Based Curriculum, enVision Mathematics, and Educational Technology have been elements of recent staff professional learning. Additionally, the North East School District offers educational technology training to staff members to keep personnel up to date on new software and technology tools. Staff members are also encouraged to take advantage of opportunities provided through IU5 as it relates to professional learning. Extensive on-line offerings are made available to the staff where Act 48 credit is awarded for successful participation. Administrators actively participate in the District Administrative Team Meetings (ATM). Meetings are held every two weeks and time is reserved for focus on data, planning, along with the identification of teacher/staff needs. The utilization of resources are coupled with research and the sharing of best practices in order to maintain a culture of teaching and learning within each school.

PROFESSIONAL EDUCATION PLAN ASSURANCES

We affirm that this Professional Education Plan focuses on the learning needs of each staff member to ensure all staff members meet or exceed high academic standards in each of the core subject areas.

Chapter 16 Gifted Education Plan Assurance

October, 2023

1. Describe your district's public notice procedures conducted annually to inform the public of the gifted education services AND programs offered (newspaper, student handbooks, school website, etc.). *

The public is informed of the district's gifted education services and programs in a variety of ways. Gifted services are included in the annual public notice published by the district. The district website contains a section devoted to gifted education and includes a description of the services and programs that are offered, eligibility requirements, and additional contact information. The student handbooks as well as the calendar published and disseminated by the district include information on the gifted programs and services offered as well as contact information for more information.

2. Describe your district's process for locating students who are thought to be gifted and may need specially designed instruction. *

The North East School District uses standardized screening tools such as Acadience, NWEA MAP, Study Island Benchmarking, CDT testing, and the CoGAT to assess and screen all regular education students to determine gifted eligibility. Acadience data is collected multiple times a year for students in grades K-2. CoGAT testing takes place in first grade. NWEA and CDT data is used for students in grades 3-12. As assessment data is collected, teachers are contacted regarding student performance and additional information is gathered regarding potential giftedness. Teachers may also recommend students for a gifted screening based on their observations within the classroom. Information on student performance is reviewed with building-level teams and referrals are then made to the special education department for formal testing.

3. Describe your district's procedures for determining ELIGIBILITY (through MULTIPLE CRITERIA) and NEED (based on ACADEMIC STRENGTH) for potentially mentally gifted students (EVALUATION). *

Students with an IQ of 130 or more, as assessed by a certified school psychologist, are automatically entered into the gifted program.

If a student has an IQ less than 130, additional criteria are considered when determining gifted eligibility. Additional information collected and considered includes academic achievement data, rate of acquisition and retention, demonstrated achievement, early skill development, and teacher input.

The multi-disciplinary team also reviews and identifies possible intervening factors that may mask a student's giftedness prior to making a determination.

4. Describe the gifted programs* that are offered to provide opportunities for acceleration, enrichment, or both. *The word "programs" refers to the CONTINUUM OF SERVICES, not one particular option. *

In grades K-5, students are offered a variety of challenging and enriching opportunities within the regular education environment, the community, and other school environments. In-class enrichment includes increased rigor, differentiated projects and assignments, and the opportunity to further explore areas of interest. K-5 gifted students also participate in a variety of field trips that aim to enrich their learning and challenge them intellectually. These students are also offered additional enrichment opportunities through the art and STEM/library program with regular time scheduled for additional work in both areas. Students also have the ability to meet with the gifted coordinator to work on personal projects and goals related to their area of giftedness.

In the middle school, which includes grades 6-8, the needs of gifted students are met through classroom differentiation, leveled learning cohorts, and additional accommodations as outlined within individual Gifted IEPs. Students at the Middle School level are also provided additional opportunities to explore interests and work with the gifted coordinator to access a variety of extracurricular activities related to areas of interest/giftedness. Currently offered opportunities include content acceleration, opportunities for independent study, and content enrichment through further exploration of academic concepts.

Gifted programming at the high school, grades 9-12, offers a variety of options to accelerate or enrich identified students. Advanced Placement (AP) courses provide opportunities for students to obtain college credit and/or advanced placement through the Advanced Placement Program. Students enrolled in Advanced Placement courses may elect to take the Advanced Placement Exam for the subject in which they are enrolled, or for other subjects of high interest. High school students also have the opportunity to complete college-level courses at local universities. This is done on a part-time basis based on the student's area of giftedness and is coordinated through the guidance department. Students at the high school level are offered extracurricular programming related to areas of interest/giftedness that include Pennsylvania Governor's Schools and other summer programs throughout the area. Additionally, if a student has interests or a level of academic achievement that extends beyond what the District curriculum provides, the District works with the GIEP team to offer acceleration or enrichment opportunities in those areas. Additionally, the Gifted services team at the high school is working to incorporate the College and Career Readiness Standards into the services provided within the Gifted program. The team is currently meeting to create a plan to incorporate career exploration, opportunities for shadowing or work experience, and content-specific scheduling for gifted students with the aim of allowing these students to further explore areas of interest as well as investigate potential future careers.

When appropriate, students showing advanced ability in curricular areas are offered the opportunity to accelerate for either a specific class or overall grade. The District is currently working to revamp the acceleration criteria for gifted students. Acceleration opportunities include participating in coursework above a student's grade level and/or the option to take required courses that may be beyond the student's current grade concurrently in order to make time in their future schedules for college in the classroom or dual enrollment opportunities. When necessary, administrators work together to coordinate services so that students may continue to participate in an accelerated curriculum beyond a single course or semester.

As soon as the investigation is finished and administration is able to share more information, an update will be provided.

Ms. Brown also asked who is responsible for making sure that flashing school zone lights are activated when there is an early dismissal, stating that they were not activated during today's half-day student dismissal. Dr. Hartzell apologized and said that she will look into that to be sure it won't happen again.

Also in attendance were administrators Dr. Hartzell, Mr. Fox, Mrs. Allen, Mr. Emick, Mr. Garland, Mrs. Hathaway, Mrs. Hodges, Mr. Otis, Dr. Renne, Dr. Ritter, and District solicitor Attorney Timothy Sennett. There were approximately 13 visitors present in person and 11 members of the public logged in for remote participation.

The pledge of allegiance was recited.

PRESENTATION: Draft Comprehensive Plan for 2023-2026

Dr. Hartzell thanked the comprehensive planning committee for all of their hard work, noting that this is a living document at this time and not yet final. She reviewed the Vision 2028 goals for curriculum and instruction, safety and security, communication and community outreach/partnerships, professional learning, and facilities.

Mr. Emick thanked Dr. Hartzell for immediately bringing him up to speed on this process when he began his new duties as Assistant this past summer, sharing that comprehensive planning is a very long and involved process. There are two major tasks with comprehensive planning: the “Ready Set Go” section, and the “Submit School Plans” section. “Ready” covers the district’s Mission and Vision statements and Shared Values, and Mr. Emick thanked Mr. Garland for his work on this piece. Tasks within the “Set” portion of the dashboard include Student Performance Data (which may slightly shift since final data is not yet available), Supplemental plans, Leadership, Teaching & Learning, and Strengths/Challenges. The “Go” section includes analysis of needs, goal setting, action planning, planning for professional development, and ongoing communications. Within the “Submit School Plans” section, additional supplemental plans that must be completed along with goals and action plans include a Gifted Education plan, the district’s Induction Plan for new teaching staff, and Professional Development plan. Mr. Emick touched on some of the district’s bigger goals with regard to professional development. The full draft of this very extensive plan document will be available for public review on the district website beginning tomorrow morning.

SUPERINTENDENT’S REPORT

- Dr. Hartzell extended congratulations to all of this year’s Homecoming Court members. Homecoming Queen Alaina Rodemoyer and King Jonathan Morey were crowned during the football game last Friday with a victory over General McLane.
- The North East Marching Band will host Grape Fest, an LMBA competition, next Saturday, September 30th.
- Community members are encouraged to show their Grape Picker Pride by supporting our students and schools and by attending athletic and extra-curricular activities.
- Responses to public comments from the board meeting of September 7, 2023:
 - Regarding Gifted Education: The district will continue to review our gifted education program. Current staff that delivers the GIEP program currently provide many enrichment opportunities for our GIEP students. Mrs. Hodges has made the review of this program one of her priorities for this school and will also be attending the fall gifted conference.
 - Regarding the board meeting of Thursday, June 29, 2023: This special meeting was called because both the NEEA and the District expressed a desire to ratify and approve the tentative agreement before June 30th, 2023, when the existing contract expired. The meeting time was convenient for the Association and Board members. The final contract document is still under review by legal counsel for both the NEEA and the District. The tentative agreement and tentative supporting schedules are posted on the district website.

NORTH EAST SCHOOL DISTRICT
MINUTES OF THE REGULAR MEETING OF THE BOARD OF SCHOOL DIRECTORS
THURSDAY, SEPTEMBER 21, 2023

- Regarding staff morale: The start of the 2023-2024 school year has been one of the best since 2019. Our teaching staff is very positive and extremely happy with the new collective bargaining agreement. The district averages four to eight teacher retirements each year along with two to five teachers choosing to pursue other career aspirations, relocations, or other teaching opportunities. The District has a rigorous hiring protocol and we have hired outstanding, passionate educators to serve our children. Dr. Hartzell meets regularly with the North East Education Association President as well as the NEEA leadership team upon request to ensure that the district is meeting the needs of teachers and students.
- District administration is very thankful that North East's Board members regularly attend many events throughout the school year which may also include volunteering with the sports and band boosters. Additionally, these elected officials volunteer their time and may also serve on other committees such as the ECTS Board, the IU5 Board, School Health Council, Policy Sub-committee, Recreation Commission, Comprehensive Planning committee, North East Education Foundation, and Facilities Sub-committee, to mention a few.

**EMPLOYMENT AGREEMENT
BETWEEN
DR. MICHELE S. HARTZELL
AND
THE NORTH EAST SCHOOL DISTRICT**

THIS EMPLOYMENT AGREEMENT (“Agreement”) is entered into this 21st day of September 2023, by and between the North East School District (“District”) and Dr. Michele Hartzell, an individual, (“Superintendent” or “Dr. Hartzell”).

WHEREAS, the Board of School Directors of the District (“Board”), at a meeting duly and properly called on the 21st day of September 2023, reappointed Dr. Michele Hartzell to the office of District Superintendent in accordance with the provisions of Sections 508, 1071, 1073, and 1073.1 of the Pennsylvania Public School Code of 1949, as amended (“Public School Code”); and

WHEREAS, the parties have agreed upon certain terms and conditions of employment which they desire to reduce to writing;

NOW, THEREFORE, the parties, intending to be legally bound hereby, and in consideration of the mutual covenants contained herein, agree as follows:

1. Term.

The District hereby employs Dr. Michele Hartzell as Superintendent for a five-year term commencing on July 1, 2024 and ending June 30, 2029 (“Term”). This Agreement shall terminate immediately upon the expiration of the aforesaid Term unless the Agreement is sooner modified or terminated in accordance with this Agreement or allowed to renew automatically in accordance with Section 1073(b) of the Public School Code.

2. Authority of School Board/District and District Superintendent.

The District, on its own behalf and on behalf of the electors of the District, and Superintendent, hereby retain and reserve all power, rights, authority, duties and responsibilities conferred upon and invested in it and in her, respectively by the laws of the Commonwealth of Pennsylvania, save for any power or rights limited by the express terms of this Agreement.

3. Professional Certification.

As a condition precedent to employment and continued employment under this Agreement, the Superintendent shall, at all times, hold a valid Superintendent's certificate (i.e., Letter of Eligibility) issued by the Department of Education, Commonwealth of Pennsylvania. The Superintendent further agrees to subscribe to and take the oath of office before entering upon her duties, in accordance with Section 1004 of the Public School Code.

4. Duties and Full-Time Employment.

A. Superintendent shall be charged with the administration of the schools under the direction of the Board of School Directors. The Superintendent shall be the Chief Executive Officer of the District and, as such, responsible for those duties customarily incident to the position, and such duties as are assigned to her by the Board of School Directors in accordance with law.

B. Superintendent shall have a seat on the Board of School Directors and the right to speak on all issues before the Board but shall not have the right to vote. Superintendent shall have the right to attend all regular and special meetings of the Board and all committee meetings thereof, excepting those relating to her own employment, and shall serve as advisor to the Board and its committees in all matters affecting the District. The Board, and its members individually, shall refer all criticisms, complaints and

suggestions called to its attention to Superintendent for study, disposition, or recommendation as is appropriate.

C. Superintendent shall be responsible for the total day-to-day administration of the District subject to policies, directions, and resolutions of the Board in accordance with law. All official contacts between Board Members and the staff of the District shall be through Superintendent exclusively. Nothing in this Section shall preclude the right of Board Members to exercise their responsibilities as individuals in the areas of monitoring District operations, conducting oversight activities, or visiting schools, as set forth in Board policy or as authorized by the Board.

D. Superintendent agrees to devote her full time, attention, energies, skills and labor to her employment as District Superintendent during the Term of this Agreement provided, however, that she may undertake and be compensated for consultative work, speaking engagements, writing, lecturing, adjunct teaching or other professional services provided the Board is informed of such activities and provided they do not substantially interfere in any way with her full time responsibilities to the District.

E. The Superintendent's professional associations and community organization fees shall be reimbursed by the District, along with reasonable expenses for attendance at annual conferences, meetings, conventions, and seminars related to the duties and responsibilities of the Superintendent. The total amount of payment or reimbursement for these fees and expenses are more fully defined in Paragraphs 2 and 3 of Appendix I herein.

5. Compensation and Benefits.

A. Annual Salary. Effective July 1, 2024, the District shall compensate the Superintendent at an annualized base salary rate of One Hundred Fifty-Four Thousand Four Hundred Seventy-Five Dollars (\$154,475). The annual base salary paid to the Superintendent shall be increased annually by a minimum of a two and one-half percent (2.5%) increase from the prior year's annual salary beginning July 1, 2025 and each year thereafter on July 1, during the Term of this Agreement.

The Board retains the right to increase the Superintendent's annual salary during the Term of this Agreement and any extension thereof, provided that the Board shall not reduce the Superintendent's annual salary in effect at any given time unless agreed to in writing by the Superintendent. Any adjustment in salary made during the life of this Agreement or any extension thereof shall be considered to be an amendment to this Agreement. In making any such amendment, it shall not be considered that the District has entered into a new agreement with the Superintendent, nor that the termination date of this Agreement has been extended. However, the District may, by specified action, extend the termination date of this Agreement or renew this Agreement if the same is agreed to in writing by the parties and is permitted by law.

B. Fringe Benefits. The Superintendent shall be entitled to the fringe benefits and leave provisions set forth in the District's Act 93 Administrator Compensation Plan for administrative employees adopted pursuant to Section 1164 of the Public School Code (24 P.S. 11-1164) ("Act 93 Plan"), in effect and as revised, from time to time, a copy of which is attached hereto as Appendix II. In addition, the Superintendent shall be entitled to additional benefits set forth on Appendix I attached hereto. Any increase or improvement in benefits extended to District administrators

during the Term of this Agreement will also be extended to the Superintendent and become part of this Agreement. To the extent there is any inconsistency or conflict between the benefits in this Agreement and the benefits provided to any other District administrator, the Superintendent shall receive the benefit most advantageous to the Superintendent. Nothing contained herein shall preclude the District from providing additional benefits and incentives to the Superintendent as may be agreed to by the parties.

6. Performance Review.

The Board shall evaluate, in writing, the performance of Superintendent once a year during the term of this Agreement, no later than June 30th of each year, unless the parties mutually agree in writing on another date for the annual evaluation. The annual performance assessment shall be conducted in an executive session limited to members of the Board and the Superintendent. An evaluation instrument and method mutually agreed upon in writing by the Board and the Superintendent shall be utilized for the annual performance assessment. The Board and Superintendent hereby agree to use the evaluation instrument and method attached hereto and incorporated by reference as Appendix III unless the Board and Superintendent mutually agree in writing to use a different evaluation instrument and method. Provided, however, that any evaluation instrument and method selected shall require the Board of School Directors to speak in one voice as an entire Board rather than “averaging” the feedback of each member regarding each aspect of the evaluation. In the event the Board consensus determines that the performance of the Superintendent is unsatisfactory in any respect, it shall describe in writing, in reasonable detail, the specific instances of unsatisfactory performance. A copy of the written evaluation shall be delivered to the Superintendent. The Superintendent shall have the

right to make a written and/or oral response to the evaluation in executive session prior to finalization of the evaluation. The Board's evaluations and the Superintendent's response(s) shall be totally private and in no manner become public knowledge either through verbal or written communication, except as otherwise expressly required by state or federal law. In any year when a formal performance assessment is not completed in accordance with this Agreement, the Superintendent's performance shall be deemed "proficient" (or other comparable rating); the Superintendent shall be deemed to have met all of her objective performance standards; and the Superintendent shall not be subject to discipline, discharge, or termination on the basis of neglect of duty or incompetency. The performance assessment shall be used for the following purposes.

A. To strengthen the working relationship between the District and Superintendent and to clarify for Superintendent and individual members of the Board of School Directors the responsibilities the Board relies on the Superintendent to fulfill.

B. To discuss and establish goals and/or objective performance standards for the ensuing year.

C. To determine appropriate compensation in accordance with this Agreement.

The performance of the Superintendent shall be assessed in part against the objective performance standards that have been mutually agreed upon by the Board and the Superintendent. The Board shall post the mutually agreed upon objective performance standards on the District website and shall also annually post the date of the Superintendent's annual performance assessment and whether or not the Superintendent met the agreed upon objective performance standards. No other information regarding the Superintendent's performance

assessment shall be posted on the District website or in any other manner disclosed by the District unless expressly required to do so by state or federal law. The Board and Superintendent hereby mutually agree to the objective performance standards which are attached hereto as Appendix IV and incorporated herein by reference, and which shall be reviewed and updated as necessary on or before July 1st of each year of this Agreement unless another date is mutually agreed upon by the Board and Superintendent. To the extent that there is any conflict between Board policy and this Agreement, this Agreement shall control the Superintendent's evaluation.

7. Discharge or Termination.

A. The Superintendent shall be subject to discharge and termination of this Agreement for valid and just cause for the reasons specified in Section 1080 of the Public School Code. Superintendent shall in any event have the right to written charges, notice of hearing, fair and impartial hearing, all elements of due process, and the right to appeal to a court of competent jurisdiction as required by applicable law. At any such hearing before the Board of School Directors, the Superintendent shall have the right to be present and to be heard, to be represented by counsel, and to present evidence, through witnesses, testimony, and documentation relevant to the issue. A transcript of the record of proceedings before the Board of School Directors shall be made available without charge to the Superintendent. In the event the Superintendent is terminated or removed from her position for cause, the Superintendent shall not be entitled to any termination benefits except for payment for her accumulated vacation days and sick days at the rates set forth in this Agreement.

B. This Agreement may be unilaterally terminated without penalty by the resignation of the Superintendent at any time provided that the Superintendent gives the Board at least sixty (60) days' notice prior to the effective date of the resignation, unless the Board and Superintendent mutually agree on a shorter notice period prior to the effective date of her resignation. If this Agreement is terminated in this matter, the District shall pay and provide to the Superintendent all of the aggregate compensation, salary, and benefits, including but not limited to insurance premiums and coverages and payment for unused leave the Superintendent earned, accrued, and/or is entitled to in accordance with this Agreement through the effective date of the resignation plus any applicable post-employment and retirement benefits provided for in this Agreement.

C. This Agreement may be terminated by the mutual consent, in writing, of the Superintendent and the Board. If this Agreement is terminated in this manner, the District shall (1) pay and provide to the Superintendent all of the aggregate compensation, salary, and benefits, including but not limited to insurance premiums and coverages and payment for unused leave the Superintendent earned, accrued and/or is entitled to in accordance with this Agreement through the mutually agreed upon effective date of the termination of this Agreement plus any applicable post-employment and retirement benefits provided for in this Agreement and (2) pay the Superintendent any additional amount mutually agreed upon by the Board and the Superintendent. It is understood that any such additional amount mutually agreed upon by the Board and the Superintendent would be subject to the provisions set forth in Section 1073(e)(3) of the Public School Code (24 P.S. §10-1073(e)(3)).

D. This Agreement shall be terminated upon the death of the Superintendent, at which time the District shall pay to the Superintendent's surviving spouse or if no surviving spouse to the Superintendent's estate and/or heirs all of the aggregate compensation, salary, and benefits the Superintendent earned, accrued and/or is entitled to under this Agreement through the date of the Superintendent's death.

8. Judicial Leave.

If the Superintendent is required to serve as a juror, or is subpoenaed as a witness, she shall receive time off with no loss of pay or benefits under this Agreement. The benefit shall not be available in any action initiated by the Superintendent, or in which she has an interest in the outcome which is not related to her duties as Superintendent.

9. Modification.

Notwithstanding any term or provision herein or elsewhere, oral or in writing, this Agreement shall not be modified except in a writing signed by Superintendent, approved by the Board, and executed by an authorized officer of the Board.

10. Savings.

If, during the Term of this Agreement, it is found that a specific clause of the Agreement is unlawful, the remainder of the Agreement not affected by such ruling shall remain in force.

11. Obligations.

This Agreement shall be binding upon and shall inure to the benefit of the parties, their successors, or assigns.

12. Statutory Reference.

All references to the Public School Code contained herein shall also refer to and incorporate any amendment or recodification of such Code.

13. Applicable Law.

This Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Pennsylvania.

14. Complete Agreement.

This Agreement constitutes the complete Agreement of the parties with respect to the terms and conditions of the Superintendent's employment.

15. Severance Provisions.

Should the parties find it desirable to terminate this Agreement, and the employment of the Superintendent, prior to the expiration of this Agreement, any buyout or severance provisions agreed to by the parties shall be limited to the terms allowed by the Public School Code.

16. Professional Liability.

The Board agrees that it will defend, hold harmless and indemnify Superintendent from any and all demands, claims, suits, actions and legal proceedings brought against Superintendent in her individual capacity and in her official capacity as agent and employee of the Board, provided the incident arose while Superintendent was acting, or reasonably believed she was acting, within the scope of her employment. The obligation of the District to defend, hold harmless, and indemnify the Superintendent as set forth above shall apply even if the lawsuit in question occurs after the Superintendent retires or otherwise leaves the position of Superintendent, provided the events which gave rise to the lawsuit arose while the

Superintendent was acting, or reasonably believed she was acting, within the scope of her employment as Superintendent. This obligation shall survive the termination of this Agreement.

17. Investigations by the Board.

In the event that the Board directs that any investigation of Superintendent's conduct or performance be undertaken, Superintendent shall be: (i) notified of the occurrence and purpose of such investigation prior to the commencement of the same unless the Board determines that notice would compromise the investigation; (ii) granted access to all non-privileged reports generated by such an investigation; and (iii) granted the opportunity to respond, verbally and/or in writing, to any findings or conclusions derived from such an investigation prior to the investigation being concluded. Any investigations undertaken by the Board shall endeavor to complete any such investigation in private and both Parties shall endeavor to avoid any public disclosure of the commencement or progress of the same. Nothing herein shall obligate the Board to share attorney-client privileged or work product information with Superintendent, except as otherwise required by law.

18. Reappointment.

The Superintendent's reappointment shall be in accordance with Section 1073(b) of the Public School Code, (24 P.S. §10-1073(b)). In the event the Board fails to take such action required by Section 1073(b), the Superintendent's term of office will be extended for one year and the terms and conditions of this Agreement will be incorporated in a successor agreement, unless mutually agreed otherwise by the Board and the Superintendent. If Section 1073 of the Public School Code is statutorily modified, reappointment shall be consistent with the law.

[Signatures on following page]

IN WITNESS WHEREOF, and intending to be legally bound hereby, the parties have caused this Agreement to be duly executed the day and year first written above.

2. Memberships. The School District shall pay the annual membership dues in State and National professional organizations and associations for the Superintendent related to education as selected by the Superintendent and to other community associations as agreed upon by the Superintendent and Board.

The Superintendent shall carry forward in this Agreement and be credited on the first day of the Term of this Agreement with all of her unused vacation leave accrued during her employment with the District. In addition, the Superintendent shall receive twenty-five (25) days of vacation leave with full pay each year of this Agreement, which shall be credited in full on July 1, 2024 and July 1 of each year thereafter. Vacation time granted to the Superintendent covered by this Agreement may be taken beginning July 1 and ending June 30 of the fiscal year. The Superintendent will be permitted to carry over her days of unused vacation leave into a new school year. Any carry over vacation days not used by the first day of school in the new school year shall be paid out to the Superintendent at the rate of five hundred dollars (\$500) for each day of unused vacation leave up to a maximum of five (5) days of unused vacation leave. In addition, the District shall pay the Superintendent for unused days of vacation leave at the time this Agreement is terminated for any reason, whether voluntarily or involuntarily, at which time the District shall pay the Superintendent her then-current per diem rate for each day of unused vacation leave. "Per diem rate" as the term is used throughout this Agreement shall equal the Superintendent's then-current gross annual salary divided by 260. Such payments for unused vacation leave shall be made to the Superintendent as lump sum cash payments.

This obligation shall survive the termination of this Agreement.

B. After the conversion of the sick days for health insurance set forth in Paragraph 7A, the Superintendent shall receive a lump sum payment for any remaining unused sick days at the rate of two hundred twenty-five dollars (\$225.00) per day for each day of unused sick leave to be deposited into the Superintendent's 403(b) account as a nonelective employer contribution.

Should the Superintendent die while employed in this District and be qualified by having her six (6) years of service in this District, the severance payment will be a separate lump sum check with the Superintendent's final paycheck.

Maximum retirement severance payment for unused sick leave will not exceed \$52,500.

8. Bereavement Leave. Five (5) work days of bereavement leave within a seven (7) calendar day period immediately following death, or contemporaneously with any delayed burial or memorial service shall be granted to the Superintendent in the event of the death of the

One (1) work day of bereavement leave shall be granted to the Superintendent in the event she attends the funeral of a first cousin, grandfather, grandmother, aunt uncle, niece, or nephew in either the Superintendent's family or the superintendent's spouse's family. The Superintendent may use additional days of sick leave for bereavement in her sole discretion.

9. Group Life Insurance. The District will pay the entire cost of the premium for a \$300,000 life insurance policy with accidental death and dismemberment provision for the benefit of the Superintendent. The Superintendent shall have the sole right to determine the beneficiary of such policy.

10. Mileage Reimbursement. The District shall reimburse the Superintendent at the current federal IRS rate for use of her private car for District-related travel.

11. Tax-sheltered Account Contribution. In addition to salary, on or before June 30th of each year of this Agreement, the District shall make an annual employer contribution to the Superintendent's 403(b) account in an amount equal to two percent (2%) of the Superintendent's then-current annual salary. There is no cash option for such payments. The parties agree that such contributions are not compensation for purposes of the Pennsylvania Public School Employees' Retirement System ("PSERS") retirement and, therefore, neither an employee nor an

employer contribution is due on the payments nor are the payments includable in calculating PSERS benefits.

NORTH EAST SCHOOL DISTRICT

2023-2024 Health and Safety Plan

Initial Effective Date: July 26, 2021

Date of Last Revision: September 13, 2023

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

*Please note that we continue to receive updates from Intermediate Unit 5, the Erie County Department of Health, the Pennsylvania Department of Health, and the CDC. This is a fluid plan and will be updated as needed in order to comply with the most recent guidelines.

- 1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?**

North East School District will continue to work closely with the IU5 to ensure the safe operation of our district. We will also continue to make decisions based on guidance from the Erie County Department of Health (ECDH), the Pennsylvania Department of Health (PADOH), and the Centers for Disease Control and Prevention (CDC). Practices and procedures will align with these entities to the greatest extent practicable in order to support prevention and mitigations efforts.

- 2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?**

North East School District will continue to follow the school or agency needs in regard to the continuity of services. Our administration, supervisors, and teachers will work together to ensure that not just academic needs of students are met, but the social, mental, and emotional needs of our students are met.

We will continue to require an individualized approach for students with disabilities consistent with the student's IEP or 504 plan. We will consider adaptations and alternatives to COVID-19 mitigation strategies while continuing all efforts to protect students, teachers, and staff to the greatest extent possible.

NORTH EAST SCHOOL DISTRICT

The decision to close a school or all schools and move to livestream instruction will be made by the Superintendent in consultation with the Pandemic Coordinators and Board of Directors based on any one or combination of the following:

1. An inability to adequately staff a building or buildings based on absenteeism among faculty and/or staff due to an increase in COVID-19 cases; and/or,
2. An increase in the number of student absenteeism due to COVID-19 county and local community cases.

It is essential that ALL parents/guardians have a plan in place in the event there is a need to transition to livestream instruction. Students would then follow the district's livestream schedules which will be posted on the website.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

The North East School District Board of School Directors met in a Regular Meeting that began at 7:00 PM on Thursday, August 3, 2023, with the following board members present: Mrs. Abata, Mr. Behnken, Dr. Blystone, Mr. Boyd, Mr. Ferruggia, Mr. Mobilia, Mr. Riedel and Mr. Wargo. Mr. Sucha was present online. Also in attendance were administrators Dr. Hartzell, Mr. Fox, Mr. Emick, Mrs. Hathaway, Mr. Otis, Dr. Renne, Dr. Ritter, and District solicitor Attorney Timothy Sennett. Administrator Mrs. Hodges was present online. There were approximately 13 visitors present in person and 5 members of the public logged in for remote participation.

The pledge of allegiance was recited.

PUBLIC PARTICIPATION – AGENDA ITEMS ONLY

- Ms. Erin Beckes stood to speak but refused to state which item on the agenda she wanted to address. She was escorted back to her seat.
- Mrs. Lee Burch stood to let board members know that some of the instruction staff in grades 3-5 have concerns regarding the *Amplify* curriculum which is recommended for approval this evening. She wondered if it would be possible to discuss this decision further prior to approval of the resource.

REPORTS & PRESENTATIONS

- Dr. Ritter & Mrs. Hathaway, building principals of North East Elementary Center, presented information including two brief videos showcasing the *Amplify* ELA resource being recommended for use in grades K-8. The selection of the *Amplify* resource was the result of an extensive process involving several vendor presentations to staff, review of materials by district classroom teachers over the past school year, and visits to interview teachers in other districts who are currently using it. The *Amplify* series was the first choice of the greatest number of district instructional staff surveyed.

Board discussion followed the presentation, with questions being answered by Dr. Ritter and Mrs. Hathaway as well as Ms. Janise Lane, a representative from *Amplify* who was present online to provide further information regarding the curricular materials included in this series. District teachers who were present had concerns regarding a perceived lack of sufficient resources for students who are at a lower level of learning. Dr. Hartzell concluded the discussion period by thanking the administrators and teachers who have been involved in this long selection process for all of their work.

SUPERINTENDENT’S REPORT

- Dr. Hartzell shared that the Summer Learning Lab concluded today, August 3rd. Mr. Skelly will provide an overview of the Lab at an upcoming board meeting. A special thank you to all of the teachers, support staff, and to Mr. Skelly for providing an outstanding summer program for district students, as well as to the many community partners that donated their time.
- The district Administrative Team participated in a retreat on July 10 – 12. Topics included Vision 2028 goals and priorities, a book review of John Maxwell’s Today Matters, development of professional learning priorities, data review, the 7 Habits of Highly Effective Leadership four quadrants of time management, and team building activities. The team was also joined by former Acting PA Secretary of Education Mr. Eric Hagarty, who presented perspectives from the state level.
- Dr. Hartzell touched on some of the many projects taking place across campus in preparation for the new school year. Repairs have been made to the pool and a new pool liner has been installed; the pool is tentatively expected to be back in service the week of August 14th. Starting blocks are anticipated to arrive in October. Scoreboards were installed at the high school gym this week and all three gym floors have been recoated as per normal summer maintenance procedures.

- Safety bollards have been installed at the elementary center. Additional safety bollards will be installed throughout other areas of the campus next week. These were required as a result of the safety inspection by the state police. Additional interior safety projects will take place next week as well.
- The Early Connections playground project is on target for late fall, weather permitting. In case of inclement weather, this project will be deferred until next summer.
- Back to school information will be mailed to district families this week including details on Meet the Teacher events, accessing Sapphire, Chromebook distribution for high school students, transportation schedules, and applications for free and reduced meals. All information will also be posted on the district website.

She believes that announcements being made regarding the purpose for executive sessions are not specific enough. She thanked Mr. Riedel for his comments regarding PSSA testing during the discussion about the proposed ELA resource.
- Mrs. Lee Burch thanked the board for their time and thoughtful consideration of the teachers' concerns regarding the proposed ELA resource.
- Mr. Glenn Craig asked if the school board meetings follow Roberts Rules of Order. He wanted to know why the lights weren't on in the hallway if the budget was needed to keep the lights on. He warned that Agenda47 will include an executive order regarding SEL, CRT and mask mandates. He thanked the teachers for coming to the meeting and speaking their minds.

VIRTUAL ACADEMY SERVICES AGREEMENT

THIS Virtual Academy Services Agreement (“Agreement”) is made this day of August 3, 2023, by and between the **WARREN COUNTY SCHOOL DISTRICT**, 6820 Market Street, Russell, Pennsylvania 16345, hereinafter referred to as ----- **“FIRST PARTY”**

AND

NORTH EAST SCHOOL DISTRICT,
----- hereinafter referred to as ----- **“SECOND PARTY.”**

WHEREAS, FIRST PARTY has developed and operates an on-line instructional program administered by certified instructional personnel to provide credit and educational opportunities to students (the “Virtual Academy Services Program”); and

WHEREAS, SECOND PARTY desires to enroll its students in FIRST PARTY’s Virtual Academy Services Program and to award its students credit for coursework completed through the Virtual Academy Services Program.

NOW, THEREFORE, intending to be legally bound hereby, FIRST PARTY and SECOND PARTY agree as follows:

1. Term. This Agreement shall have a primary term commencing on August 4, 2023 and ending on July 1, 2024. This Agreement shall thereafter automatically renew for additional one-year periods (from July 1 through June) unless, prior to May 1st of the applicable year, SECOND PARTY provides FIRST PARTY with written notice of its intent to not renew this Agreement for an additional year. Pursuant to Section 2(A) of this Agreement and with respect to renewal years, if the EXHIBIT A for a renewal year will be modified, FIRST PARTY shall provide SECOND PARTY with the modified EXHIBIT A to be used for the upcoming renewal year on or before April 1st for SECOND PARTY’S review as a part of its

decision to either renew, or not renew, this Agreement. If this Agreement renews for another year, the pricing specified in the modified Exhibit A provided shall apply to, and shall be legally binding upon the parties hereto during, the renewal year without the need to adhere to the amendment process specified in Section 14 of this Agreement.

2. Fees / Enrollment.

A. The parties agree that, subject to any cap established by the FIRST PARTY pursuant to Section 2 D of this Agreement, SECOND PARTY students may enroll in the FIRST PARTY's Virtual Academy Services Program during the term of this Agreement.

The costs owed by SECOND PARTY shall be governed by Exhibit A of this Agreement. With respect to renewal years, if the EXHIBIT A for a renewal year will be modified, FIRST PARTY shall provide SECOND PARTY with the modified EXHIBIT A to be used for the upcoming renewal year on or before April 1st.

SECOND PARTY students may be registered to enter into the Virtual Academy Services Program at any time upon the mutual agreement of SECOND PARTY and FIRST PARTY. All invoices must be paid within 60 days of receipt. Late payments shall be subjects to a late fee equal to 5% of the invoice amount or \$100, whichever is lower, and FIRST PARTY shall have the right to remove the relevant student(s) from the course(s) if payment is not made within 75 days of receipt of the original invoice.

B. There shall be no proration of enrollment fees for students accepted for enrollment after the commencement of the course.

C. If a student withdraws or is otherwise removed from the Virtual Academy Services Program after the commencement of any course, there shall be no refund of the enrollment fee owed to SECOND PARTY. However, SECOND PARTY may assign another student to the fulltime seat from which a student has withdrawn without incurring an additional enrollment fee.

D. FIRST PARTY reserves the right to place a cap on the number of students that are permitted to enroll in its Virtual Academy Services Program and to deny the enrollment of any student that exceeds the cap number established by the FIRST PARTY.

3. Responsibilities of FIRST PARTY.

A. FIRST PARTY will supply an online accessible curriculum and assessments that meets the academic content standards of the Pennsylvania Department of Education. FIRST PARTY shall provide SECOND PARTY with a list of the available courses.

B. FIRST PARTY shall provide to SECOND PARTY, upon request, information regarding SECOND PARTY's students enrolled in the Virtual Academy Services Program.

C. In exchange for the fees specified in Section 2A of this Agreement, FIRST PARTY shall be responsible for the costs to acquire and provide courses and the cost of paying FIRST PARTY employees and teachers to operate the Virtual Academy Services Program. Courses may be added or removed at the discretion of FIRST PARTY, with the understanding that a course shall not be removed until such time as any student that is enrolled in the course has been afforded the opportunity to complete the course.

4. Responsibilities of SECOND PARTY.

A. SECOND PARTY will submit a completed enrollment application for each student and provide any other information reasonably necessary for the enrollment and participation of its students in the Virtual Academy Services Program. SECOND PARTY shall determine the minimum academic, attendance, and other eligibility requirements for SECOND PARTY students to participate in the Virtual Academy Services Program. SECOND PARTY shall make information regarding the Virtual Academy Services Program available to parents and post it on its website.

B. Students enrolled in the Virtual Academy Services Program shall remain, for all purposes, students of SECOND PARTY, and SECOND PARTY shall be entitled to all Commonwealth reimbursement for its students. Thus, SECOND PARTY will be responsible for enforcement of compulsory attendance requirements; the determination and reporting of grades; determining grade promotion and graduation eligibility for its students; and student discipline (which may include removal from the Virtual Academy Services Program) pursuant to the SECOND PARTY Code of Conduct/Discipline Code.

C. SECOND PARTY shall not attend or be physically present on FIRST PARTY property pursuant to this Agreement. All SECOND PARTY students enrolled in the Virtual Academy Services Program shall participate in the program using computer hardware, a compatible operating software system and an internet connection physically located at either SECOND PARTY's school or the student's home. Unless First Party agrees otherwise, said items shall be furnished by, and paid for by, SECOND PARTY or the student's parents/guardians. SECOND PARTY or the student's parents/guardians shall also be responsible for the costs associated with purchasing any other supplies needed for coursework including, but not limited to, workbooks.

D. SECOND PARTY shall be responsible for determining and ensuring that its enrollment of students in the Virtual Academy Services Program is consistent with any requirements imposed on SECOND PARTY by applicable laws or regulations regarding minimum hours of student instruction (990 hours for secondary students and 900 hours for elementary students) and/or students receiving special education services pursuant to the IDEA or Section 504 of the Rehabilitation Act. The parties agree to implement a system that accurately tracks instructional time in the Virtual Academy Services Program similar to attendance in a school building.

SECOND PARTY shall be solely responsible for the identification of students in need of 504 Plans, special education or gifted services, the designated placement for such students, and the development of any 504 Plan, IEP or GIEP for its students enrolled in the Virtual Academy Services Program. As a part of its obligations pursuant to Section 8 of this Agreement, SECOND PARTY shall defend, indemnify and hold harmless the FIRST PARTY, its employees, agents, Board Members, directors, officers, representatives and insurers from and against any and all claims, liabilities, losses and expenses arising from SECOND PARTY's or its employee's, agent's, or representative's failure to meet the responsibilities set forth in this provision. The terms of this provision shall survive the termination of this Agreement.

5. Compliance with Distance Learning Requirements.
