APRIL 17, 2024**

April is the "Month of the Military Child", recognizing the vital role these children play in our armed forces community. The color purple represents all branches of the military coming together. On April 17, 2024, we're encouraging all North East students and staff to wear purple to celebrate our military-connected students.

**Don't forget to Purple Up on April 17th!
Let's show our support for our North East military-connected students together!**
